we turn back the pages of Elkdom, it is interesting to note that we have been in business for more than one hundred years. The years of 1868 through "71' were called the formulative years. They were allowed by the state of New York to put on a dispensation for the lodges to go into permanent organization.

The Grand Lodge charter was issued March 10, 1871 in New York State. The Lodges that were set up immediately were in San Francisco, Sacramento, California, Baltimore, Maryland, Chicago, Illinois, Louisville, Ky., Cincinnati, Ohio, Boston, Mass. and Pittsburgh, Pa. In 1878 there were only 820 members.

Plans have just about been in New Bern, North Carolina, according to information re-ceived from State Di completed for the State convenceived from State Director J.R. Haywood, I mean as far as the site and headquarters are concerned. It is our hope that we can have the full support of the Lodges and Temples over the State as to the complete history and pictures of their buildings and group so we may be able to present it at that I am asking them to time. contact your Scribe on this matter at once because we don't want anyone to be left out. I just received some information that there is an effort underway by the Daughters to they asked that the system put help our State Director to attend the National meeting in New Orleans during the last nate all vestiges of the dual week in August. These affairs, school system'' throughout the I am told, will start with a Tea Sunday evening at 5:00 P.M. on the lawn of Fidelity Lodge on East Davie Street. Come out and support this worthwhile cause.

Those of you who comprise rently working on the problem ... the Fifth District must get over which includes several alterand see the new building that natives. the Bull City Lodge and So-Joma Temple has just complet- Schools have switched to a ra-It is located just behind tio plan of 70-30 and have been the old structure, so they are boasting of sporting two buildings, instead of one. I understand they are having a formal opening, from Friday night through Sunday.

The Brothers and Daughters are sending their money in now for the New Orleans trip and I am sure you realize that it is set up on a first come, first served basis, so don't put it off any longer if you plan togo.

Aaron Fussell said, "the staff vill be studying housing, trans-

erly structured."

RALEIGH, N. C., SATURDAY, JULY 31, 1971

lations Committee member and Edward Carson, president of the Raleigh Citizens Association concerning Ligon High's future. This week a Ligon student, Miss Stella Glenn, offers a viewpoint from those who will be directly affected).

13

The other day I was reading an article that started off like this: "Save Ligon Controversy Draws Little RCA Support." I had to read the heading again because little support didn't sound right, not for the RCA anyway.

Then all of a sudden a realization hit me. There were a few things I hadn't even thought about. Since the alternate plan became known only a few Blacks were doing anything to keep it from being passed. The plan made us mad, but still we were contented to sit back and let the white man plan our education.

It came to me that we as a Black majority in Raleigh must take a stand on this issue. We must realize that Black people in Raleigh have one last grasp to reality. We have one thing left. We can call our own, just one thing we can show Black pride in, but now that's being taken from us.

Now this plan is said to be Saint Augustine's College Afor equal education. I said the lumni Association earlier this entire thing was just more poliyear on the basis of their tical propaganda. You see, it's another man's gain at our loss. The Outstanding Young Women This alternate plan estabof America program, now in its lishes a 70-30 ratio. Now how seventh year, was conceived by

many Blacks will hold school offices with this ratio? How will our opinions even be heard over that of the numerous whites? Your child had a 50-50 chance of winning a scholarship at Ligon. What are his chances now? You see, no matter what's done or said it isn't what you know, it's who you know.

Now up to some 11,318 students must be bused. Face it, that's your child who'll get up earlier, ride to school in crowded, hazardous conditions and Each year over 6,000 young then he'll get home later. But groove on it, it's all to better standing Young Women of Ahis education.

Now school equipment must be moved around. Ligon was set up to be a high school - remember. Parking areas will be improved, streets must be widened and unloading areas must be provided. All of this wasn't done when the school remained Black.

The facts are here, but then are my feelings. I'm trying to say, Black people of Raleign we need your support. You see this thing goes deeper. Your pride is at stake and they're taking that from you.

Around the city, I am pleas-ed to see men like Dr. J. Archie Hargraves, president of Shaw University, and Dr. Larnie Horton, president of Kittrell College, out saving hello and getting a little recreation with the Meadowbrook group. Other new faces who are beginning

WOLFPACK BEAUTY WINS- Greenville, S. C .- Miss Black Columbia, 20 year-old Mary Evelyn Porterfield, was named Miss Black South Carolina for 1972 recently at the conclusion of a three day pageant here. Miss Porterfield is 5'5", and weighs 115 lbs. and is a student at North Carolina State University. The new Miss Black South Carolina will represent her state in the national finals later this year in New York City, (UPI).

Dear Mrs. Riggsbee:

I would appreciate your helping me with my problem if it can be done. Here's my story; I have give birth to four nice and healthy children, but was not married then. So I decided to have my tubes tied, not even thinking that I might get married someday. Well, now I am happily married and my husband does not know that I can't have children. I would give anything to have just one baby for him so I would not lose him. He loves me and the children very much.

Dear Mrs. Riggsbee: I had the operation in 1967. Please let me know if it can be undone. My children are from ages 14-6 years old. Back when I had them, I was getting aid and I could have gotten all sorts of birth control free. I just don't know why I had that operation. I must have been crazy. I am so worried. Please help. Mrs. J. Dear Mrs. J .:

I certainly do not think you were crazy to have your tubes tied. No birth control method works unless it is used properly, and I suspect you doubted that you would use birth control correctly. So it was certainly logical to have your tubes tied to keep from having any more illegitimate children.

I do believe, however, that you made a mistake in not telling your husband before you married him that you were unable to have any more children. Apparently you were afraid he wouldn't marry you if he knew. ling your nusband before you married him that you were unable to have any more children. Apparently you were afraid he wouldn't marry you if he knew, because now you are afraid you will lose him if you don't bear him a child.

Since you no longer receive Social Service assistance, I am sure your husband has his hands full trying to provide a good home for you and the four kids. If you want to try to have your tubes joined back together, you will certainly have to tell him about it. It is a major operation, it is very expensive, and furthermore, after all the trouble and expense and four or five days in the hospital to have it done, it only works about 40 per cent of the time. This operation could cost you and your husband \$1,000. With four kids to feed

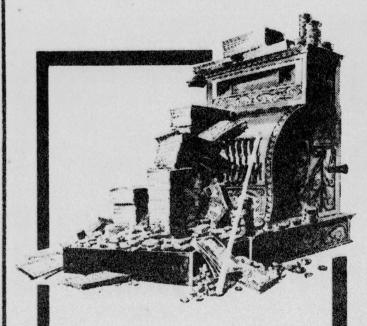

nent birth control (tubal ligation or laparoscopy for the woman, and clothe, can you really afford this for something that doesn't work for 6 out of 10 women who have it?

These are some very serious
