What will the bond issue cost me as a taxpayer?
Street bonds can be repaid from the present tax debt levy.
Of the remaining, only \$2,500,000 will affect the ad valorem tax rate. It will require an estimated 3 cent tax beginning with the 1972 fiscal year. This means that the home with a market value of \$20,000 for real and personal property would be taxed only \$3.00 per year (or 25 cents per month).
The \$35,800,000 water and sewer bonds will be paid from an estimated 30% increase in utility charges. If your water bill is now \$6.00 per month it would increase to \$7.80.
