**CHARLEY TAYLOR HEADS FOR PAYDIRT**- Kansas City, Mo.: Washington's Charley Taylor (42) heads for a TD in the 2nd quarter as he is pursued by Chiefs' Johnny Robinson (42) and Emmitt Thomas (18). The play covered 35 yards. Taylor was brought down on the goal line by Thomas. The TD made it 17-6 in favor of the Redskins. (UPI).

## PaytonBrothersStar For Jackson State

JACKSON, MISS. - Jackson State College long noted for the pass-receiving combination of the Richardson brothers, have come up with another brother combination. This time it is in the form of a pair of running backs, who have joined together to become among the conference leaders in scoring and rushing respectively. They are known around JSC as the Payton boys.

Edward and Walter, Edward Payton a 5' 11", 185 lb. senior, running back, majoring in Health and Physical Education, combines with other team members to give the JSC Tigers one of the best offensive teams in the conference. Payton played his high school ball under Coach Charles Boston at John Jefferson High School in Columbia, Mississippi.

pi, where he received All-District, All Conference and All City honors in his Junior and Senior year.

Payton who patterns his playing style after Mike Garrett of the San Diego Chargers, gives the Credit (for him to be able to run so effectively) to the offensive line for providing running room.

Commenting on the game against Southern, in which he scored (4) four touchdowns, he stated that JSC was in better physical condition than Southern and that a few surprises that they had planned for Southern would probably be used against Grambling.

Payton, known by most of his teammates as Monk says that, "he likes to start and feels that he plays better when he starts." Rated as 3.4 pro-pick by pro-scouts, he says that "he would like to play professional ball but would like to continue working with kids as he has for the last two years."

He has spent the last two summers working with the Columbia Recreation Summer Program.

gram. Like his brother, Walter Payton played his high school ball at Columbia High where he was a 4-letter man. He topped his high school playing days by being the leading scorer in the Little Dixie Conference which earned him All-Conference honors and a position on the Mississippi All-Star High School Team.

He also won state honors in the broad jump division of the State Track and Field Meet at Raymond, Mississippi. He received about 15 scholarships offers including Kansas State; Penn State; University of Houston; Ole Miss.; and all the colleges in the S. W. A. C. but decided upon JSC because he wanted to play with his brother.

Mr. and Mrs. Edward Payton, Sr., are happy to see their sons play together on the same team but hope that it won't cause any mix up. So far it hasn't, the two brothers who alternate in the back field have combined to form one of the finest combinations in the S. W. A. C.

## Va. Union Homecoming For

BY CHRISTOPHER T. FISHER

PETERSBURG, Va. - Rogers Stadium will be the site of the 65th meeting of arch-rivals Virginia State College and Virginia Union University. The game is slated for Saturday at 1:30 p.m.

Virginia State has won 36 of the previous meetings with Virginia Union taking 21. There

I would like to get more schooling that would lead to a better job. My problem is spelled M-O-N-E-Y.

There are several sources of H-E-L-P.

If you are a veteran, Uncle Sam will give you an education allowance of \$175 a month, more if you have dependents, to go to school; or will reimburse you for the cost of a home study program. The more months of service, the more months of educational allowance you are entitled to.

Get in touch with the nearest Veterans Administration office for information about a "certificate of eligibility" and other details, and then apply to the school of your choice. For home study the VA will approve courses which are likely to lead to a job or a new position in your present work.

Educational loans backed by Uncle Sam offer another source. The loans bear interest at 7 percent. Banks, savings and loan organizations and other lending agencies make the loans, so it's a good idea to go to one where you are known to get the details.

It works this way: you borrow the money and promise to pay off the loan starting nine months after you have completed your studies; and you pay at about \$30 a month until the debt is paid off.

I won't say that your M-O-N-E-Y problem will disappear after you complete your education to qualify for a better job. But one lesson can be drawn from the 1970 Census: persons with 12 and more years of education are claiming a higher percentage of the nation's purchasing power than ever before.

have been 7 ties in this series dating back to 1899. Pitted against each other are

two of the finest defensive teams in the country. NAIA No. 1 Virginia Union is giving

them up at 75.0 yards per clip. NCCA No. 9 Virginia State is gradually giving up 123.2 yards per game. However only 29.0 yards are gained on the ground.

That leaves a few questions to be asked. Can Virginia State College --- a 169.8 yards per game rushing team and a 150

yards per game passing team--- continue to rack up over 200 yards a game even against Virginia Union? Can Virginia Union perform as they did against Norfolk State for a second week? Can Joe Winslow throw his sixth touchdown pass in his sixth consecutive game?
