

Baxter Council No. 127 started the new year with a bang, under the able leadership of Brother Hilton Riddick. The Council met infull force Sunday afternoon in the Capitol City at the Elks' Home, 619 East Davie Street. The attendance was excellent, with both the men's and women's

group present. The Council is made up of the entire fifth district, Brother, Peter Moss of Durham and Chapel Hill is the deputy. It is our opinion that we have the best deputy in the entire state. Brother Moss might object to this statement, but it won't change

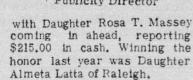

Among those attending from Durham were: Daughters Eula M. Laney, Elizabeth Burrough, Olean Davis, Willie Harris, Bertha Josey, Voilet Stallworth, Lillian Moore, Hattie Singleton, Alice McCowan, Alline Brown, Jacqunetta Brittan, Opelia McCloud and Addie Walton. The men were Samuel Jones, Lattis Tate, Richard Waller, Robert McCowan and John Walton.

Chapel Hill was represented by Daughters Mildred Council and Inell Stroud. Henderson had as its representatives: Dorothy Brown. Anna Alston and Eva Gouch. Daughter Gouch and her husband, Brother, G. C. Gouch, were named "Family of the Year" by the Council. This is a new feature the Council has added and will be given at the January meeting each year. The family was awarded this honor for the greatest contribution during the year.

We congratulate the Gouches on being the first to win this award. After the award was presented to the couple, the Council toasted them and then sat down to a delightful dinner of fried chicken, with all the trimmings.

Exaited Ruler J. R. Haywood did the honor. Representing the Capitol City Council meeting were Daughters Bessie Wallace, Brooksie Farrar, Florine Moore, Blanche Massey, Evelyn Franklin, Almeta Latta, Helen Stark, Aretha King, Agnes Mc-Cabe, Ada Hicks, Lena Hayes, Fannie McClain, Elizabeth Pugh, Mae Brodie, Rosa Delaine, Freddie Williams, Martha Rivers, Lillian Barker, Mabel Mitchell, Anna Allen, Mae Hopson, Ruth O'Neal, Rosa Gary Foley, 21-year-old "field marshal" of Parker, Mary White and Mar- the Australian Black Panther Party, says his garet Thomas. New members were Marion Banks, Gladys Bridges, Raleigh, Anna Alston from Durham, Aillen Brown and Elizabeth Moore from Hender-

You may know about "Hagar in the Wilderness" and some of these personalities and others you may never have the Madonna with Infant Christ been informed about. which was bought by the Marwhich was bought by the Mar-

Here is our thirteenth personality: MARY EDMONIA LEW-IS (1846-1890, First American Negro To achieve Recognition In The field of Sculpture), Miss Jackson

Mary Edmonia Lewis was born in Greenhigh, Ohio to a Chippewa Indian mother and a free Negro father.

She applied to Oberlin College in Ohio and was accepted. Oberlin was a happy choice for a Negró girl. When it was established in 1833, it became the first insitution of higher learning in the United States to open its doors to, not only white women, but to women of all colors and creeds as well. Its first circular, issued on March 8, 1834, presented 'the grand objects of the Oberlin Institute." Among them were "the elevation of female character, by bringing within the reach of the misguided and neglected sex, all the instructive privileges which hiterto have unreasonably distinguished the leading sex from theirs."
The 12-acre Oberlin campus

had become a meeting ground for reformers. Arthur Tappan, well-known New York financier and abolitionist, contributed \$10,000 to the college. Charles Grandison Finney, a former lawyer who had been converted to militant Christianity, insisted that he would come to Oberlin only if Negroes were freely admitted and unrestricted discussion of slavery permitted.

The town of Oberlin itself had a large population of free Negroes, and there was no discrimination against Negro children in the schools.

Edmonia went to Boston, the center of abolitionism and liberal thought which had proved a heaven to many Negroes. While there, she saw the statue of Benjamin Franklin which inspired her to become a sculptress. William L. Garrisow in-troduced her to Brackett, a leading Boston sculptor, who; at their very first meeting, handed her some clay and a model of a human foot. When she brought him the product of her Students in American Universi- first efforts, Brackett examinand told her to try modeling both hands and feet. She did as he suggested. This time the sculptor decided her work showed talent and gave her what encouragement he could.

Driven to prove her worth of the world as quickly as possible, Edmonia worked exhaustively and often with a frantic haste. She made a medallion of John Brown, which was pronounced by critics as an excellent piece of work and within a year was sculpturing busts and medallions of other men in public life such as Colonel Robert Gould Shaw; a prominent white commander of Massachusetts first Negro regiment, the 54th Massachusetts Volunteers, a bust of Longfellow which is said to be best ever taken until that time, a bust of Lincoln; which is in the Municipal Library at San Jose, California. Death of Cleopatra,

HOWARD HUGHES ANNOUNCES AUTOBIO-GRAPHY- Los Angeles: Breaking a self-imposed 15-year silence, the tall Howard Hughes (L, 1952 photo) has denounced his autobiography" as a fraud and reveal he would like to end his unhappy seclusion and return to the world of movie-making. Hughes held a telephoned news conference January 7 from his hotel suite in the Bahamas with seven reporters he summoned to a hotel in Los Angeles. Clearly the purpose of the news conference was to try to discredit claims of McGraw-Hill, life and author Clifford Irving (UR, 1971 photo) that the 66-yearold industrialist had signed contracts for the publication of his autobiography. He also spoke bitterly of Robert Maheu (LR, 1970 photo). ex-manager of his Las Vegas holdings. (UPI).
