**EDITOR'S NOTE:** This column or feature is produced in the public interest with an aim towards eliminating its contents. Numerous individuals have requested that they be given the consideration of overlooking their listing on the police blotter. This we would like to do. However, it is not our position to be judge of jury. We merely publish the facts as we find them reported by the arresting officers. To keep out of the Crime Beat Column, merely means not being arrested by a police officer in reporting his findings while on duty. So simply keep off the "blotter" and you won't be in the Crime Beat.
