## **Globetrotters** To Head Easter Seal Drive

The world-CHICAGO famous Harlem Globetrotters are mounting a public service team effort to champion the cause of crippled kids.

Named "national sports team" for the 1973 Easter Seal campaign, the Globetrotters will enlist the cooperation of fellow athletes, sports writers and broadcasters in supporting the annual appeal to the public. March 1-April 22. The "Magicians of basket-

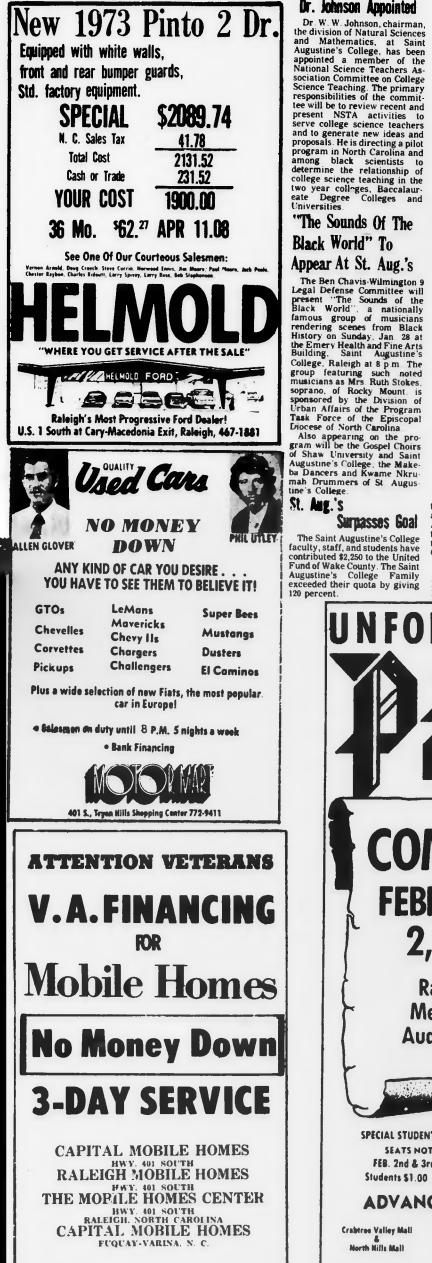

ball" display their phenomenal talents on the court in a television filn: spot calling attention to the Easter Seal campaign. Meadowlark Lemon. "clown prince of basket-

ball," is the narrator for the film and has also recorded a series of radio announcements as team spokesman which will be distributed nationwide.

Speaking for all the Globe-trotters. Meadowlark said, "All the guys and I are honored to be this year's national Easter Seal sports team.

"It gives us the chance to talk for so many nice little boys and girls who are handicapped," he continued, "and urge the public to support the Easter Seal Scoeity in its efforts nationwide to rehabilitate these young-sters."

Meadowlark added, "The sure way for Americans to

'score' with crippled kids is to give generously to Easter Seals." The annual Easter Seal

Campaign raises the funds to support Easter Seal services to handicapped people in the 50 states, the District of Columbia and Puerto Rico. These services are extended to victims of spina bifida, cerebral palsy, multiple sclerosis, muscular dystrophy, stroke, speech and hearing disorders, accidental injury and

other crippling conditions. The National Easter Seal Society is the oldest and largest voluntary organization providing rehabilitation services to the handicapped.

## Youth Council Activities

Prepared By Members of The Fayetteville Youth Council

given every year to a deserv-ing high school senior at the annual awards banquet. FUCYC would like to be able to give a larger scholarship and negative give more the By HELEN CHICO Two weeks ago, snow slowed down many of the ac-tivities around Fayetteville. and Youth Council was one of them This week and next week, many schools are having exams and their nine weeks tests, which will also

curtail many Youth Council actitivies. The Coffee House, which was to be held Friday, Jan. was to be held Friday, Jan. 29. has been postponed on account of exams. The next one will be held in February with another "horror" film being shown. Rodney Matth-ews will be announcing the date soon. show. A fourth weekly radio show is now being planned.

Will be anticours of the solution of the solut

before the show set in to put a ter worzy stop to that. De gates to the YCNC Youth Legislative Assembly are being selected. Thirteen delegates will be attending the YLA to be held in Raleigh from the Environment of the Statestille Curr the YLA to be held in Raleigh from the Fayetteville-Cum-ber! 4 County area. Eight are being chosen from FCCYC and five delegates are being selected from the local city and county high schools. Forrest Stone, Jim Haney and Steve Pickett have been selected by the Ashe-ville-Buncombe County Youth Council to be discussion leaders for the three-day affair The discussion group topics will be race relations. antiquated social customs, drug laws, Bill of Rights and the legislative process, draft a m n e s t y, environmental quality and minimum yearly economic wage. The featured speaker at the YLA banquet will be Gov. Jim Holshouser The YLA week-end (March 16. 17, 18) should prove to be a most informative one for young people from across the state. David Newman and Mark Miller from FCCYC are

co-chairman of the state-wide Youth Day. They are in charge of the plans for the opening day of YLA. Efforts are being made by FCCYC members to increase the Monroe E Evans Schol-arship Fund The award is

MOORES ARE PROUD PARENTS

and possibly give more than one check. The regular FCCYC activi-ties continue with many dedicated students giving their time and efforts to fol-low them through. Larry Fleishman. D e n i s e Gibson and Jimmy Tyree each pre-pare a weekly half-hour radio

Rodney Matthews is looking for someone to take this on. If you are interested contact him Gina Hudson does the

monthly half-hour television show and Maggie White and L. C. Barbour are in charge L. C. Barbour are in charge of the weekly 15-minute tele-vision show. Catherine Snell takes care of the Youth of the Month Award. (Watch this page next Sunday for the January winner). These are just a very few of the many projects done by the youth of projects done by the youth of this community. Someone once remarked

"So, what are all these pro-jects about?" The high school students that are involved in FCCYC projects are not only rendering a service but are having a fun filled learning experience by meeting and working with people in all fields. The adults and stations and firms that are assisting in these many activities will to ng be remembered by FCCYC members for their invaluable time and patience This in only one of the many ways that FCCYC has opened lines of communication

As the warm weather starts and exams are done with. I think FCCYC will have a full list of activities to keep ev-eryone busy With Tony Rummans already hard at work on Youth Week and the Entertainment Committee headed by Craig Harding. dreaming up some very ex-citing new programs, things definitely will not be dull! Please, come join us. We can use your help

Mr. and Mrs. John A. Moore, Jr. of Monroe, (formerly of Raleigh) announces the birth of a son, John A. Moore, III, on

a son, John A. Moore, 111, on January 10. Mrs. Moore, the former Claudia Guess, is the daughter of Mr. and Mrs. Robert Guess. Other grandparents are Mr. and Mrs. John A. Moore, Sr. of 708 Cumberland Street, Raleigh.

**Raleigh & Savings And Loan Association Best Year** 

Nineteen hundred and sev-enty two was by far the greatest year in the 68 year history of Raleigh Savings and Loan Association concerting to a year in the 68 year history of Raleigh Savings and Loan Association according to a report made to the annual meeting by J. J. Long, Jr., President of the Association, Monday, Jan. 22 at 8 p.m. Assets for Raleigh Savings and Loan increased 29.9 percent in 1972 and climbed to more than 119 million dollars. Assets

than 119 million dollars. Assets for associations nationally in-creased 19 percent with the growth at Raleigh Savings

growth at Raleigh Savings exceeding the national average by more than 10 percent. In 1972, savings increased to more than 93 million dollars; Raleigh Savings paid out nearly four and one half million to savers in dividends as an incentive to save. Raleigh Savings made more than one thousand loans a-mounting to more than 53 million dollars in 1972. The total mortgage loans at Raleigh Savings and Loan exceed 100 million dollars on nearly 5500

homes. A new branch office of Raleigh Savings and Loan was opened in Crabtree Valley in 1972 and Raleigh Savings initiated a new 4 % percent daily interest compounded daily savings plan in late 1972. Not only did Raleigh Savings and Loan have phenomenal growth, but in 1972 the entire savings and loan industry homes.

growth, out in 1972 the entire savings and loan industry passed the 245 billion mark in assets. The savings and loan industry is now the country's second largest financial insti-tution, passing the life insur-ance industry.

Carolina Power & Light Co. has completed construction of a new \$416,200 substation in the Mordecai section of Raleigh.

The CAROLINIAN
II

RALEIGH, N.C., SATURDAY, JANUARY 27 197.3
According to E. S. Noell, manager of substation for gineering and construction for CP&L, the substation is an example of the "low profile" design being used by the power facilities as unnoticable as possible.

omes.
A new branch office of A new branch office new branch office of A new branch office o

unnoticable as possible. The substation, which steps down high voltage for distribu-tion to the north central business district of Raleigh, is separated from the street by a wide lawn and is screened from public view by trees and shrubs. Overhead distribution lines coming out of the substation were eliminated. Noell said, by placing the distribution circuits placing the distribution circuits

underground. The substation and new 115,000 volt transmission line serving it are parts of a long-range program by CP&L to stay ahead of the growing power needs of the Capital City, said Noell.

At the end of July, 1972, 1,255,022 persons were enrolled in manpower work and training programs administered by the U.S. Department of Labor. This was a new high for any July since the training programs were launched in 1962 and 27 percent above the 985.896 enrolled in July, 1971
