

I thank God daily and pray for you regularly. I know you are praying for me. Orchids to Charlesea for her surprise visit. Now here is another beautiful poem, written by Sister Eva Lucas Perry:

**YOUR NEIGHBOR**  
BY EVA LUCAS PERRY

I happened to turn the radio on.  
Expecting to hear some soothing tone:  
Out came the voice of a man at labor,  
The words he said were, "Ask your neighbor."  
I listened a minute and dialed the phone.  
What I needed had to be made known:  
Within my heart, I felt a move.  
That God had a point He wanted to prove.  
The telephone rang - I answered with a smile,  
Identified myself to be God's child:  
The voice on the line was really my neighbor,  
She promised to come and do me a favor.  
Later, there was a knock on the door.  
Now who could ask for anything more?  
"I know it's my neighbor for there she stands,  
With my portable typewriter in her hand.  
My need for this is now supplied,  
My neighbor's name I shall not hide:  
The Hedden family doesn't live next door,  
But they are my neighbors, whom I adore.  
Now Jesus wants this well understood,  
Your neighbor is not the one who could,  
But it's he who has and cheerfully gives,  
To those in need and helps them live.

DEFEATED EX-CHAMPION - Kingston, Jamaica - A dejected Joe Frazier slumps in his dressing room January 22 after losing his world heavy weight crown to George Foreman in the second round of their fight. (CPD)

**Music Notes And Half Notes**  
By MRS. E. M. KELLY

Orchids and more orchids to my friends, acquaintances, relatives, pastor, Dr. Charles W. Ward, adopted pastor, Rev. Dr. W. W. Finlator (so very sorry I was asleep when you came), Zeta Phi Beta Sorority, First Baptist Church, and "Family", my real family and all who contributed to my happiness and good will. I thank you over and over for your prayers, gifts of love, thought waves, calls, visits and cheery smiles. I thank God for all of you and realize that life would be dull, indeed, without folk like you.

MRS. KELLY

**Dole Appoints Black To RNC Executive Committee**

WASHINGTON - Senator Bob Dole, chairman of the Republican National Committee, today announced the appointment of Dr. Henry Lucas, Jr., 40, of San Francisco, Calif., to be a member of the Executive Committee of the Republican National Committee. The appointment was made in accordance with Rule 26 of the rules of the National Committee which were adopted at the party's national convention in August in Miami.

Making the announcement, Dole said, "The Republican National Committee is indeed fortunate to have Dr. Lucas as a member of its Executive Committee. He is highly respected by those in his community, his profession and his party."

"We look forward to having his voice heard in the councils of the National Committee where I am confident he will contribute much to our efforts to open even wider our party's open doors. Recent years have seen tremendous growth of support for the GOP among minority voters. The appointment of Dr. Lucas is at once a recognition of that fact and an effort to solicit the needed advice and counsel that will help us build on it."

Dr. Lucas is a practicing dentist in the San Francisco area and serves as a member of the faculty of the University of California School of Dentistry. He is a member of the National Advisory Council on Health Protection and Disease Prevention of the United States Department of Health, Education and Welfare and serves on the National Black Economic Advisory Council, the United States Small Business Administration, and in addition, is involved in many national and local civic activities.

Active in Republican organizations for several years, Dr. Lucas most recently served as a chairman of the Northern California Committee for the Re-election of the President. Dr. Lucas is married and the father of three.

**Unique Franchising Concept Can Bring Big Dollars**

How can one gain experience in business without running the risk of acquiring, refining and organizing the business for a number of years?

It's simple. By taking advantage of the franchise concept as exemplified by the General Sewer Service, Inc., a company specializing in the cleaning of clogged pipe, for homes, apartment houses and plants.

Any franchisor here would not be going it alone, but by his purchase of a franchise would become part of a six-year-old rapidly growing organization with a highly profitable franchise history.

More and more blacks are looking into the franchise concept which means reducing business risk by purchasing specific business experience and reputation. It especially offers an opportunity for minority businessmen to get into the financial mainstream without running the risk of inexperience and failure.

Failure among independently operated small businesses total

50 percent compared with a failure total of only 9 percent in franchised businesses, according to Duns Review. This is an advantage offered only by the franchise concept as illustrated by the General Sewer Franchise Fee purchase.

after seeing his team win its ninth game of the season against four setbacks. "We've got some frame of reference now where we're not just operating loosely with no objectives in mind. Yes, I think we will be running now if we can continue to execute this way."

In the Shaw game, three freshmen-Jethro Crum, Tony Blount and Billy Newton-accounted for 33 of the Bears' point total and figured prominently in brining Morgan back from an early 20-11 deficit.

After the first half, with the score knotted 36-all, the veteran Chet Davis along with soph Pat Edwards combined to a 60-54 lead with 4:12 to go in the game. Shaw came back to tie the game at 63-all on a bucket by Chuck Pratt with 3:30 left. The

**PERSONALS**

**BY MRS. C. J. MERRITT**

A representative from the Social Services Department is at the manager's office here to discuss with the elderly citizens facts concerning old age assistance on Tuesday and Wednesday at 1:30 p.m.
