

## Holland Chapel To Present Young Rev. David McLaren

APEX - David McLaren, a 16-year-old preacher, will lead Youth Revival at the Holland Chapel A.M.E. Zion Church in Apex Friday, Saturday and Sunday. Rev. R. L. Rush is pastor.

Rev. McLaren, who delivered his first sermon when he was 14, will speak at 7:30 Friday and Saturday nights and again for the 11 o'clock services Sunday morning. Visiting youth choirs from New Hope Baptist, White Oak Baptist and Ebenezer A.M.E. Zion Church will help render the music for the revival.

An active member of Piney Grove Baptist Church in Fuquay-Varina, David received his preaching license last year. After preaching his first sermon, the young minister didn't know whether he wanted

to be a preacher or not.

But he was inspired by the members of the congregation who heard his first sermon and after writing Rev. Billy Graham who in return sent him literature, young David decided to enter the ministry.

Since receiving his license, he has preached at different churches, at youth revivals, funerals and on radio. In relating to his experiences as a minister, David said, "I can do anything except marry couples."

The high school junior still has time from his ministry to study and help out around the family tobacco farm. He is an active participant in the youth choir, Sunday School and the Royal Ambassadors, a Bible study class for teenage boys which meets once a week.

REV. DAVID MCLAREN

"If young people are turning away from church, it's because the adults are not willing to let them take their part," observed David. "The adults in the church should be willing to give us more responsibility."

associational secretary, Dr. J. Ray Butler, moderator. CHRIST ACCOMPANIES ME ON MY WAT THIS DAY

Christ accompanies me on my way. Christ is the inner light that shines steadily, erasing every shadow of fear and filling my mind and heart with courage and faith. Christ is inner wisdom that makes all things clear. Christ is the inner peace that steadies and calms my heart, giving me strength and tranquility. Christ is the inner power that sustains and supports my every undertaking. Christ is the inner rightness that restores order, that brings harmony where there has been confusion. Christ is the director, the way-shower, opening up ways where there seems to be no way. Christ is the inner patience that gives me peace of spirit and nonexistence of attitude when there are delays or disappointments. Christ is the divine companion, the loving presence ever with me. Christ accompanies me in my journeys every step of the way.

## Observance For African American Week Feb. 11-17

WASHINGTON, D.C. - The Association for the Study of Afro-American Life and History with the Association for the Study of Negro Life and History Division and the Associated Publishers Division, announced recently that most of the governors of the fifty states and most of the mayors one hundred and twenty-five largest American cities have issued proclamations calling upon their citizens of their respective jurisdiction to observe African-American History Week 1973.

Dr. Andrew F. Brimmer, a Governor of the Federal Reserve System, Washington, D.C., is president of the Association for the Study of Afro-American Life and History.

The theme of this year's annual celebration is "Biography Illuminates the Black Experience" and the dates are Sunday, February 11 through Saturday, February 17.

The nation's governors who endorsed African-American History Week include Governor George C. Wallace who urged "all Alabamians to pay special attention to this week and to the many contributions that African-Americans have made to our state and nation." Governor

Nelson A. Rockefeller of New York noted that the Black History Week was originated by Dr. Carter G. Woodson who founded the Association for the Study of Negro Life and History in 1915. The Week has been sponsored continuously since 1926, mostly as Negro History Week. The title is now used interchangeably in many sections as Negro History Week, African-American History Week or Black History Week.

The Association for the Study of Negro Life and History was conceived by Dr. Carter G. Woodson as an instrument to promote appreciation of the life and history of the Negro, to encourage an understanding of present status, and to enrich the promise of the future.

In 1915, there was, as now, tremendous neglect of the study of the Negro and most other racial groups. Out of this lack of understanding, misinformation about race and color flourished. The founding of The Association for the Study of Negro Life and History provided needed reconstruction of thought based on historical truth about African heritage of black people and the continuation of the United States of America.

## Bennett Honors Memory Of Its First President

GREENSBORO - Bennett College observed its traditional Service of Remembrance for David Dallas Jones on January 28, 1973 in the Annie Merner Pfeiffer Chapel. The tribute is paid annually to the man who became the first president of Bennett College for Women in 1926.

The contemporary address was delivered by Dr. Robert L. Polk, Minister of Urban Affairs at The Riverside Church in New York City. This church gained national prominence by being the site of James Forman's announcement of the "Black Manifesto." The controversial document called for a \$500 million reparation from American churches and synagogues for the injustices suffered by blacks under slavery and capitalism.

Dr. Polk who formerly served as college chaplain and Dean of Student Affairs of Dillard University, paralleled the biblical success of David over the giant Goliath which symbolizes man's attempt to overcome his problems.

"Every man, every woman, every person faces some kind of Goliath. But you've got to conquer that problem before it conquers you," he stated.
