CRIME BEAT

From Raleigh's Official Police Files

EDITOR'S NOTE: This column or feature is produced in the public interest with an aim towards eliminating its contents. Numerous individuals have requested that they be given the consideration of overlooking their listing on the police blotter. This we would like to do. However, it is not our position to be judge or jury. We merely publish the facts as we find them reported by the arresting officers. To keep out of the Crime Beat columns, merely means not being registered by a police officer in reporting his findings while on duty. So simply keep off the "blotter" and you won't be in the Crime Beat.

Witness 'Fingers' C. Downs

A 60-year-old Apex woman drew the wrath of a woman twelve years her junior, 48-year-old Mrs. Lucinda (Cindy) Morgan Downs, 19 Dorothea Drive, here Sunday night. The victim was Mrs. Lillian Catherine Page, Route 1, Apex, who suffered many injuries in the one-sided melee.

A witness, Willie Bailey Thomas, 309 Tarboro Road, told a "law" that Mrs. Cindy Downs pushed Mrs. Page off of her porch, then proceeded to "get a large stick and started beating the woman about the head and body."

Mrs. Page was rushed to Wake Memorial Hospital, where it was found that she had a broken bone in the upper left arm, a bone in her right leg was broken and she suffered (See C. DOWNS, P. 2)

PTA Urges Fight For US Milk

CHICAGO, Ill. - Concerned by reduced federal funding of the special Milk Program for Children and the National School Lunch Program, the National PTA has asked its more than 8 million members to take immediate action urging Congress to increase funds for these programs.

Specifically, the PTA wants the House of Representatives to restore the funds cut from the Special Milk Program and Congress to follow closely what is happening to the School Lunch Program.

Mrs. Grace Baisinger, coordinator of legislative activity for the National PTA, will testify at the hearings on the total school lunch and milk programs which will be held this fall before the Senate Select Committee on Nutrition and Human Needs. Mrs. Baisinger has urged PTA members to reinforce her testimony with letters to senators and representatives.

In explaining PTA's concern, Mrs. Baisinger said that revised regulations for the Special Milk Program adjust expenditures to the level of \$25 million. This adjustment is a result of the action of the House of Representatives which reduced fiscal year 1974 appropriations from the 1973 level of \$97.133 million - the amount approved by the Senate for 1974. However, he said, the differences in the amounts appropriated by the House and Senate must be worked out in conference.

The U.S. Department of Agriculture has advised school districts that expenditures must be adjusted to the level of \$25 million. Because of the reduced funds available, the Special Milk Program would now be available only to schools that do not have food services for attending children. (See NAT'L PTA, P. 2)

Fowler of 1813 Ligon Street in the Method section of the city, was found guilty after Griffin was shot once with a .38 calibre pistol during an argument on the sidewalk at Branch Street (Walnut Terrace).

Mr. Fowler showed little emotion as Superior Court Judge Henry A. McKinnon, Jr., (See "RIP-OFF", P. 2)
