

**NEWTON GETS TWO-YEAR SENTENCE**—Oakland, Calif. —Huey P. Newton, 38, co-founder of the Black Panther Party was sentenced last week to 2 years in state prison on weapons charges. Bail was set at \$40,000. (UPI).

**Remember To Use Giblets**

Don't leave out some of the best parts of the Thanksgiving turkey.

The giblets-cooked, heart, liver and neck-cooked until tender and diced, make a delicious addition to either the gravy or the dressing, say specialists with the North Carolina Agricultural Extension Service.

They should be cooked immediately after being cleaned and washed. The broth they are cooked in can be used as liquid in either gravy or stuffing.

To cook, cover the giblets, except for liver, with water, seasoning with 1 teaspoon salt, 3 peppercorns, 3 cloves, a small bay leaf and a little onion, celery and carrot. Simmer 2 to 3 hours until the gizzard is fork tender.

Add the liver 10 to 20 minutes (depending upon size) before giblets are done. Refrigerate until used.

**EDITOR'S NOTE.** Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

**Q**—May a veteran of WW II with a service-connected disability apply for vocational rehabilitation?

**A**—Yes. VA will provide vocational rehabilitation for a WW II veteran with service-connected disability provided that the veteran's disability indicates a need for vocational rehabilitation.

**Q**—My son draws a VA pension based on his father's death. If he works during the summer, will his earnings affect his pension?

**A**—No. Under current pension law, earned income is not countable in determining pension entitlement for dependents.

**Q**—May a veteran pay off a GI loan before the date final payment is due?

**A**—Yes. A VA guaranteed loan may be partially or fully paid at any time without penalty.

**By Mrs. Douglas CASHEW-RICE STUFFING**  
Here's a novel, delicious stuffing. The recipe was prepared for a 12-15 lb. turkey serving 8-8 people. Adjust measurements for smaller or larger bird.  
Wash turkey with cold water. Rinse cavity thoroughly. Drain. Pat dry with paper towels. Stuff bird just before roasting. You'll need:  
2 1/2 cups steamed rice  
1 1/2 cups cashew nuts  
1/4 cup each chopped onion and diced celery  
3 tablespoons each melted butter and apple juice  
2 tablespoons soy sauce  
2 tablespoons minced parsley  
1/4 teaspoon each ground ginger and mace  
1/8 teaspoon crumbled thyme  
Salt and pepper to taste  
1 stick melted butter for basting  
Aluminum foil to cover bird.  
Toss all ingredients together. Stuff cavity lightly. Skewer opening closed. Tuck legs together. Place turkey, breast side up, on rack in shallow pan. Brush with melted butter. Place a tent of aluminum foil loosely over turkey. (The advantage of this is oven browning and no spattering in oven.) Cook according to package directions based on the weight of the bird. Lift tent frequently and baste with melted butter until done. Happy Thanksgiving from our family to yours.
