

**HE LOOKS
TO YOU
FOR HELP**

**TALK TO HIM
ABOUT DRUGS**

Boys and girls use to feel good about life, naturally.
Now they feel good by using drugs. Your kids
need help to stay away from drugs.

Talk with your kids. Find out what they think about
drugs. Help them decide against drugs and have
them practice saying "no."

Communication can help stop the
problem before it starts.

**It's Not Just the Neighbors' Kids
Who Use Drugs.**
