

It's All In The Stars

MURIAL AND JERTHA LOVE

WEEK OF NOV. 28-DEC. 4

Well, all you lucky Jupiterian Signifiers. Looks like the time of the year you've been waiting for is finally here. For sure you love aspiring over ideas; however, don't waste too much time in debates. With this being your season, for sure you should feel enthusiastically alive and alert. This particular forecast will definitely find you reflecting and also looking ahead. Seems as though some of you born during this cycle will find the idea that you give off now will come to fruition come spring. Just remember, look before you leap. And remember, hold your tongue. Happy birthday! It's all in the stars.

ARIES

March 21-April 20

Well, you Arians, this cycle provides you a little relief from all your anxieties, perhaps to the point that you may patch up some differences in your personal relationship. Remember, it's a good time to work on you. So don't be too sensitive, release and let go.

TAURUS

April 21-May 21

Looks like this cycle will find you somewhat confused, but remember, quiet times relieve all stress—be it personal or job related. Using your creativity and allowing yourself to be easygoing, things will get better. So lend your time wisely.

GEMINI

May 22-June 21

For sure this is balancing time for you Gemini. And unless you've gone out on a weak financial limb you'd better make sure you have a safety net in place. Don't regret later what you can be forearmed with. Opportunities come through others now, so relax.

CANCER

June 22-July 21

Well, Cancer, for sure you feel a little more in control even though your finances could use some assistance. Take a look around your immediate surroundings and see what you can release now. Clean up, clean out and circulate. Good time to work things out.

LEO

July 22-Aug. 21

Looks like your forecast is turning out for the better. Some quiet time allowing you to recuperate from the recent hectic pace. Although you are in a highly creative period, use your judgment wisely. With Mercury retrograde out of sig, this will give you Leo a little extra time to work on all skills. Great time for your creativity and spirituality.

VIRGO

Aug. 22-Sept. 21

Mercury is retrograde, your ruling planet. Be aware of all decisions; make sure contracts are signed. Seems as though tactfulness is your key. Take care of lingering responsibilities. Perhaps reviewing the past can take you smoothly sailing into the future.

LIBRA

Sept. 22-Oct. 21

Looks like time to reflect and to move from the spotlight into a little quiet time. However, take advantage and make a good impression. Seems as though there is a glow around you that puts everybody at ease, including yourself. Be patient and all is well.

SCORPIO

Oct. 22-Nov. 21

Hey, looks like all your social events will turn into opportunities; however, don't be too extravagant and remember, try not to become too materialistic. You may be putting too much emphasis on quantity and not quality. So take care. Otherwise, this is a fantastic time.

SAGITTARIUS

Nov. 22-Dec. 21

Looks like you Sags, by giving a little of yourselves, you can ensure significant gains for the future. Just don't be too impulsive. Don't put your foot in your mouth. You truly are in the spotlight. So go for it! It's your natal day.

CAPRICORN

Dec. 22-Jan. 20

Well, it looks like you Capricorns are involved in some personal relationships and for sure as this month ends and a new one comes in, having a little self-interest may not be so bad. Perhaps, taking a look at the psychological sources of your moods will come as you reflect within. Talking about it won't do any good. You just need to go and rest and relax. Some meditation will definitely have a healing effect on your psyche.

AQUARIUS

Jan. 21-Feb. 18

After you get a lot of your routine work done, perhaps you can partake of some of those social events that are coming up on your calendar. This is a busy cycle. It seems like you are more energetic now and for sure staying positive is your key. Congratulations! You deserve it.

PISCES

Feb. 19-March 20

Well, as you remember all circumstances may not be as restricted as in the past. However, wait and see is your key. Messages are likely to get mixed up, so whatever you do, verify everything. Remember, you have the key. Just be still and all is well.

For all you zodiacal wonderful stars out there, remember the planet of communication—Mercury—is retrograde now. During this time everyone will have a tendency to forget things, to not remember where to meet their partner, letters may end up in the wrong mailbox, and you may even forget where you put your keys. But during this course of time the way to stay in control is to remember to harness your energy and stay on guard to the gateway of your mind. It's a great time for those Sagittarians and some of those other mutable signs, but remember patience and detail (that is, paying attention).

Be sure to stay tuned daily to "It's All in the Stars," 10-11 a.m. and remember to listen to WLE-AM 870 on your radio dial and every Monday night at 7 p.m. on WAUG-TV 45 and Saturday at 10 a.m. Watch your cable access station—we're there, too, to bring you more knowledge of how to stay healthy naturally—body, mind and spirit.

Urban Nutcracker Eyes Faces Of The World

ATLANTA (AP) — Don't look for a European mansion or the Sugar Plum Fairy in the Urban Nutcracker, an inner-city version of the holiday favorite featuring faces of the world.

The young dreamer is Sarah instead of Clara. Her brother is Leroy, Not Fritz. And the Land of Sweets is the black-owned Yates and Milton Drug Store in this production aimed at making The Nutcracker more relevant to minorities.

The production, put on by the Balletnic Dance Company of Atlanta, has a cast of about 20 dancers who are black, Vietnamese, Filipino, Hispanic and American Indian. Most are ages 5 to 18. Some are experienced performers. Others are from poor neighborhoods where Balletnic dancers teach.

The Urban Nutcracker closely follows the classic story by Russian composer Peter Tchaikovsky, but gives it a different spin.

The production focuses on the ballet's second act because it is simpler and less expensive to stage. A narrator summarizes the first act with a brief enactment by the dancers.

DO YOU RECOGNIZE THE SIGNS?

Not all signs of discrimination are this obvious. What you may hear is:

"I rented that apartment right after you called."

"I'll show you the apartment after I see your green card."

"I don't really want all the changes...ramp, grab bar...that's too much."

Fair housing is the law. It is illegal to discriminate on the basis of race, color, religion, sex, national origin, disability, or family status.

You can fight housing discrimination and win if you learn to recognize the subtle signs. When you suspect housing discrimination, call HUD toll-free at 1-800-698-8777, TDD 1-800-927-9275.
