## INVITATION FOR APPLICATIONS FOR SECTION 202 SUPPORTIVE HOUSING FOR THE ELDERLY FUND RESERVATION

**DIFFERENT VOICE**  
 (Continued from page 4)  
 So where does all of this leave black people who are not in either group mentioned above, blacks who are not afraid to promote change and self-help—socially, educationally, politically, economically?  
 Some of those in this Group III are also misguided in their zeal, because without change and a boldness by blacks themselves, the black community will surely become America's economic slaves once again; this time, voluntarily.  
 The professional victims lack courage, despite their phony bravado. They lack courage because they fear competition with white people.  
 You can't unify fear and courage. That's why there is no role for the fearful in our future. Like it or not, the agents of change always win.
