Corn-Burger Pie Is Good

When the Indians sold Manhattan Island to the Yankees and moved off other land to make room for new settlers, they left a valuable heritage to all Americans in their uses of corn meal to perk up the flavor of their wild game and meager vegetable diets.

Today, corn meal is used in homes and restaurants throughout the nation as an excellent "meat extender" and for the fine flavor it provides in combination with fresh vegetables and other foods.

An excellent combination that provides a full meal, when served with a salad and dessert, is a Corn-Burger Pie.

CORN-BURGER PIE
4 cups boiling water
1 teaspoon salt

1 cup your favorite corn meal
1 lb. hamburger or ground beef
2 tablespoons bacon drippings
1 clove garlic, minced
1 teaspoon chili powder
2 teaspoons sugar (if desired)
2 1/2 cups sieved tomatoes
2 tablespoons plain or self-rising flour

Make corn meal mush of first three ingredients. Pour a thin layer of mush into a shallow buttered pan, and use remaining mush to line a buttered casserole or pottery skillet.
