### MANNS HARBOR MAN SLAYS BIG BEAR IN HIS GARDEN

Morris B. Midgett of Manns Harbor, Saturday is reported to have slain a large bear which came in his garden in the heart of the village. It is reported as the third bear to have come into his garden. Previously he had shot at one of a pair, wounding it, when later the third bear came. Bears are getting thicker on the mainland each year, due to the growth of trees and foliage, they become bolder, attracted perhaps by succulent vegetables grown by the residents.

Alternate slices of cooked beets and hard-cooked eggs on salad greens and serve with a dressing of olive oil, red wine vinegar, prepared mustard, salt and pepper. This makes an unusually delicious luncheon course when it is served with whole-wheat bread and creamcheese sandwiches.

You're "sitting pretty" behind the wheel  
Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around  
You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

And it's the lowest-priced line  
A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

Biggest brakes for smoother, easier stops  
An easy nudge on the pedal brings smooth, positive response — right now! Chevrolet's improved brakes are the largest in the low-price field.

I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

CHEVROLET  
MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

You get greater getaway with the new Powerglide\*  
A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

You get more power, on less gas  
That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide\* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrift-King" engine.

It's heavier for better roadability  
You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.
