SHARP KNIVES IN KITCHEN-A sharp knife is safer than a dull knife because it cuts more efficiently and quickly without waste or strain-be sure to handle it with care.

A good can opener is one that makes a clean, smooth cut. The wall type which has a wide spread is excellent. However, to prevent bumping yourself, be sure to use the kind that can be folded back against the wall when not in use.

BROKEN GLASS - When you've broken glass, first sweep up the largest pieces into a dustpan and then use moist cotton to pick up each tiny particle.

GLIMPSES OF THE PAST By CAROLYN LLOYD

Luck was with me this week. Just as I was about to give up trying to find something of interest for my readers, two people dropped in (at different times) and unknowingly gave me material for this column.

The first visitor was Jeff Credle of Scranton. Now there's a man who doesn't mind admitting his age-he quite frankly remembers when I was a little girl. He was reminiscing about coming to Belhaven in 1907 (wrong again. I wasn't a little girl or anything else to 1907), to work for D.Lesofsky as a clerk.

My second visitor was James Emory Midyette of the U. S. Army has returned from serving in Korea where he was stationed for over a year, and is spending some time at Engelhard before reporting to Fort Jackson, S. C.

James Emory Midyette of the U. S. Army has returned from serving in Korea where he was stationed for over a year, and is spending some time at Engelhard before reporting to Fort Jackson, S. C.

His father, Richard Jones Quidley, made his living farming, fishing, and doing carpentry work. The senior Quidley helped build the house which is now the George Clark residence and his twelve year old son helped. When it was recently remodeled, the present Richard Jones Quidley was one of the carpenters.

Mr. Quidley was married fifty-two years ago to Janie Sermons of Hyde County. They had seven children, five of whom are living. Mrs. Quidley is now hospitalized with a broken leg and will be in a cast for months after she is released from the hospital.

Mr. Quidley is no longer able to work as a carpenter, but he gardens a little and is in generally good health. The fact that he can't do the work he used to do surprises him, but he has no complaints. The Lord has blessed him and "Miss Janie", he says, for he has never been in actual want and life has been good.

Mr. and Mrs. Ira Spencer, Jr., and children of Norfolk visited Mr. and Mrs. Ira Spencer, Sr., and Mr. and Mrs. Wallace Taylor during the week end.

Edward Jordan with the U.S.N., stationed in Boston, Mass., spent the week end with Mrs. Jordan and children.

Mr. and Mrs. Marvin Cannon and son, Mrs. Robert Wingate, and Mr. and Mrs. Carlie Cannon, all of Charlotte, spent the week end with Mrs. Lulu Sawyer. Mrs. Sawyer is a patient at Columbia Hospital.

Mrs. Carrie Cooper and Mrs. Alexander of Elizabeth City were guests Sunday of Mrs. C. C. Duval.

Mr. and Mrs. Eddie Burgess and daughter Levenia have returned to their home in Elizabeth City after a visit of several days with Mrs. Burgess' father, C. B. Midgett.

Mr. and Mrs. Calvin Sawyer and son of Norfolk spent the holiday

with Mr. Sawyer's mother, Mrs. M. M. Sawyer.

Mr. and Mrs. Edw. White had as guests for the week end, Mrs. White's mother, Mrs. Baker, and Mr. and Mrs. Higgenbotham and children, all of South Norfolk.

C. L. Midgett and Miss Inez Gibbs were in Norfolk Saturday. Charlie Midgett who has been a patient at the Norfolk General Hospital for several days, came home with them.

Those attending the Gaskill-Mann wedding at Wachese Sunday were: Mrs. Guy Mann, Mrs. Cecil Midgett, Mr. and Mrs. Henry Armstrong, Miss Mary Hayward, Mrs. Marshall Tillet, Miss Juanita Tillet, Mr. and Mrs. Odell Tillet and Mr. and Mrs. J. R. Eason.

Mr. and Mrs. Glenn Mann and daughter, Glenda, of Norfolk, visited relatives here during the week end and attended homecoming services at Stumpy Point Sunday.

America by 1975 will have a population of 190,000,000, according to estimates made by the Social Security Administration.

This will represent an increase of about 29,000,000 over the population of 1954. These figures reflect the potentialities for this country's growth and demonstrate that there is no foreseeable limit on our capacity to produce, if we have the incentives and if we use our physical resources intelligently.

An increase in population and continuance of America's traditionally expanding economy will bring a increase in the labor force to about 88,600,000. This will mean 22,100,000 more persons will be at work in 1975 than were in 1954.

ENGELHARD MAN NOW HOME FROM KOREA

James Emory Midyette of the U. S. Army has returned from serving in Korea where he was stationed for over a year, and is spending some time at Engelhard before reporting to Fort Jackson, S. C.

Summertime Food Tips: Dangers Lurk In Leftovers, Thrifty Housewives Warned

WASHINGTON-The U.S. Army has a hot weather cooking tip for housewives: The best thing you can do with the bowl of leftover salad is-throw it away!

This goes also for chicken, tuna or other summer salads made with mayonnaise or salad dressing, for custards, cream-filled pies, deviled eggs, cream sauces or "made" dishes such as seafood casseroles.

A waste of good food to scrape these leftovers in the garbage? Not at all, answer the preventive medicine experts at the Office of the Army Surgeon General. What you'll be throwing away will be a lot of bacterial growth. The gesture may save your family many a tummy-ache.

Dishes based on egg, milk, mayonnaise or salad dressing can carry the invisible menace of staphylococci - the bacteria which causes the most common type of food poisoning.

Unless the housewife is using laboratory-sterile cooking equipment and scrubbing her hands as

WHICH ERROR ARE YOU GUILTY OF?

- 1. Exceeded stated speed limit.
2. Driving on wrong side of road.
3. Under influence of alcohol.
4. Failed to grant right of way.
5. Disregarded stop sign or signal.

THE MOTOR VEHICLES DEPARTMENT points out that although many violations may be unintentional, the effect is as disastrous as if they were committed deliberately.

THERE IS NO SUBSTITUTE FOR NEWSPAPER ADVERTISING

NOTICE

About July 20th we plan to move a good, medium sized dredge, from Norfolk to Avon, North Carolina, for a government contract. While the dredge is in this locality we can do additional work in the Ocracoke, Hatteras, Manteo area, at a savings in the cost of moving the dredge on and off.

We solicit inquiries.
