É DROWNS NEAR OREGON INLET IN SMALL BOAT TUES.

Amazement Mostly At Why It Hasn't Happened Before In So Many Unsafe Boats

A Portsmouth, Va., man, C. F. Lassiter fell overboard and was drowned Tuesday morning near Oregon Inlet while on a fishing trip with two companions.

Lassiter, Clarence Woodard of Portsmouth, and Donald Kenneth Loper of Hickory, Va. were fishing 1½ miles east of Bodie Island light in a 14-foot rowboat powered by an outboard engine, when Loper's fishing line became fouled in the propeller of the outboard. The motor was stopped and while Loper was trying to free his line. Lassiter stood up in the boat and somehow fell over backards into the water. The investigation by the Coast Guard revealed that this happened about 8:15 a.m.

Woodard jumped over and swam to Lassiter, who by that time was 20 feet from the boat. When Woodard attempted to help Lassiter, Lassiter grabbed his rescuer and it was quite a struggle for Woodard to free himself. By this HIS HONOR OF time, Woodard had become pretty exhausted.

The situation had been seen by Omie Tillett, on the party boat Jerry, Jr., who reached the scene at this time and pulled Woodard out of the water. Lassiter was not een after this time.

Dr. C. F. Harris was on the cene and rendered first aid to Mr. Woodard. The Coast Guard immediately began a search for the body of Mr. Lassiter but the body still had not been located Thursday at noon, according to W. W. Edwards, officer in charge of the Oregon In-let Coast Guard Station.

Full scale rehearsals for The Lost Colony's 15th season, which opens Friday, July 1, are now underway at Waterside Theatre on Roanoke Island, under the direction of Clifton Britton. Well underway are the new dance routines being arranged by Choreographer Marvin Gordon, and the Lost Colony Chorus, composed of Westminister Choir College voices, is now undergoing day and night training under the direction of Miss Nena Williams.

Director Britton stated today that new principals in the drama are doing outstanding jobs for the difficult roles they will fill. Topping the list of new principals is Martin Gerrish of Tucson, Arizona who will play the part of John Borden, male lead of the play. Ann Martin of Cherokee, has returned to The Lost Colony to play the fe-male lead of Eleanor Dare, oppo-site Gerrish. Gerrish succeeds Robert Armstrong who played Borden for nine seasons and is currently playing in the Broadway production of Tennessee Williams' "Cat on a Hot Tin Roof."

Active in behalf of the new schools are the committee, consisting of Robert Young, Susie Briggs, Adolphus Hines, Oscar Sanderlin and Jack Twiford. The subject has been brought before the Board of Education on two occasions, and instructions have been given an architect to proceed with plans for a 11-room school.

Among other things it is contended that sending pupils to Manteo, would entail a ride of some 70 miles a day, with the bus going in and out of Colington each way. Also, many beach residents will contend for erection of the building in a new location, somewhere on the beach between the two ends of the district, with buses operat-ing in from both directions.

SAYS OFFICERS DID THEIR PART TO CATCH ASSAILANT

Regarding an article last week having to do with an attempted attack by a midnight prowler on a young lady at Buxton, Zane Gray of that community writes to say that this paper had been misinformed about several features of the case, and particularly in that part which apparently indicates that failure to catch the guilty party might have been due to lack

of diligence on the part of officers. Mr. Gray says everything was done that could be done, and no effort was spared. We do not wish to discredit anyone, and we know the Deputy, Mr. Basnett is a high-ly regarded and hard working

man, as well as Sheriff Cahoon. Information came to us by word of mouth from several sources, which indicated that some.citizens thought more effort should have been made. We are glad to make this correction for Mr. Gray.

The Rev. Ernest Etheridge, paswelcome to everyone.

NURSERY CLASS PUPILS of Mount Olivet Methodist Sunday School in Manteo are fortunate to have the playground equipment of Mr. and Mrs. H. A. Creef, situated on the spacious lawn, at their back door. Since the weather has become too warm for comfort indoors, Mr. Creef kindly offered the use of the equipment to the wee folk on Sunday mornings. The above photo by Aycock Brown shows how much they are enjoying it. Teachers in this department are Mrs. Ben Creef and Mrs. Wayland Fry.
