SANITARIAN CALLS ATTENTION TO FOOD HANDLING RULES

Notice has been issued, to all persons or firms handling food, to the revised regulations, by R. K. Gunn, district sanitarian for Dare and Currituck Counties. Mr. Gunn says "The regulations governing the sanitation of restaurants and other food handling establishments were revised September 23, 1955, and are in more detail than previous."

These regulations are based on the recommended ordinance of the U. S. Public Health Service, with additional material gained from

North Carolina field experience.
