

SUMMER CAMPS FOR HANDICAPPED PEOPLE

Planned For July and August By Society For The Crippled

Dr. Leslie B. Hohman, President of the North Carolina Society for Crippled Children and Adults, has just announced completion of plans for two crippled children's camping programs this summer.

A camp for white children and adults will be held at Camp South Toe River near Micaville by arrangement with the camp owners, the Optimist Club of Asheville; and a camp for Negro children will be conducted at the Ham-Mock's Beach 4-H Camp near Swansboro by special arrangement with the 4-H Club.

Two sessions of camp will be held for the white crippled children between the ages of 7 and 17: July 7-28 and July 28-August 18. From August 18 to 25 the camp will be occupied by handicapped adults over 18 years of age.

The Negro camp will be conducted July 14-28 and will be for children between the ages of 7 and 17.

The cost is \$25 a week. Anyone who wants to go to one of these camps for crippled children but cannot afford the cost should see his local chapter or write or telephone the N. C. Society for Crippled Children and Adults, P. O. Box 839, Chapel Hill, for a campership. Also if anybody wants to give a campership for a crippled child he should write to the above address.

A washer and dryer must be bought and any contribution toward this cost may also be sent to the state headquarters. Mattress pads, game supplies, and other equipment, are also being sought.

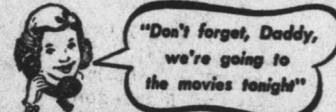

The crippled children hike, play baseball, swim, dance, do craft work and have cook-outs and overnights out just as other children do at camp. Some are in wheel chairs but most of them merely wear braces and/or use crutches. Some children can bat a ball, pick up their crutches and scurry to first base at an amazing pace.

Competent staffs of counselors and medical advisers are directing all camp activities.

CALLS THAT COUNT

"Don't forget, Daddy, we're going to the movies tonight!"

Perhaps this isn't the most important call in the world, but it does demonstrate how much everyone depends on the telephone. So often we take for granted its wonderful convenience... how it runs our errands, delivers our messages, gets us here, there, and everywhere in seconds. Truly the telephone is the biggest bargain in the family budget.

HYDE ASC COMPLETES CROPLAND MEASUREMENT

The Hyde ASC office this week issued a statement expressing appreciation to all the farm operators in the county for their assistance to ASC reporters in obtaining farm acreage reports. These reports were completed in the field before the scheduled completion date, the end of June. Several days and nights will still be required to complete the computation of acreages and summarizing data.

This complete check of the farms in the county was authorized by the state ASC office, due to the soil bank program, corn acreage allotments, and the fact that a complete determination of croplands had not been made since 1940.

DEPLORABLE CONDITION OF BELHAVEN JAIL IS ORDERED INVESTIGATED

Judge Walter Bone, presiding over Superior Court in Washington last week, deferred his decision on condemning the Belhaven town jail under the condition of the jail could be investigated by Solicitor Walter Cahoon, Judge Bone requested the solicitor to make the investigation after hearing the Grand Jury report that the condition of the Belhaven jail is "deplorable."

This report is not new, the same description of "deplorable" having been given by Grand Juries of the past several years. Nothing has been done about the condition of the jail because of a dispute between county and town officials over responsibility for it. The Town of Belhaven receives only one dollar for each person lodged in the jail, regardless of the period of confinement. All other fees go to the county; therefore, town officials contend that the county should be responsible for the upkeep of the jail.

Caraway-Cheese Muffins

A basket of steaming hot muffins gives wonderful flavor support to summer meals

Caraway-Cheese Muffins are perfect companions for any menu that calls for hot bread. Mellow cheese flavor and the distinctive taste of caraway seeds guarantee their success.

Want to know how to serve hot muffins for dinner with a minimum of last-minute frenzy? Just measure all of the ingredients way ahead of time. Combine the dry ingredients in one bowl, the liquid ingredients in another. Grease the muffin pans, too. Then, all you have to do just before dinner is combine the liquid and dry ingredients, fill the muffin pans and bake.

You'll also save time and effort by using self-rising flour. There's no measuring of baking powder and salt, because self-rising flour already contains those two ingredients. That's

a nice "plus" factor you'll learn to appreciate as you continue to use self-rising flour for any recipe that uses baking powder.

CARAWAY-CHEESE MUFFINS

- 2 cups sifted enriched self-rising flour
2 tablespoons sugar
1/2 cup shredded American Cheese (2 ounces)
1 1/2 teaspoons caraway seeds
1 egg, beaten
1 cup milk
2 tablespoons melted shortening

Sift together flour and sugar. Stir in cheese and caraway seeds. Combine egg, milk and shortening. Add liquid to flour mixture, stirring until flour is moistened. Fill greased muffin pans 2/3 full. Bake in hot oven (425°F.) about 20 minutes. Makes 12 2-3/4 inch muffins.
