

WANCHESE ENDS SEASON WITH VICTORY OVER COINJOCK LITTLE LEAGUE

The Wanchese Little League baseball team completed their season last Saturday with a victory over the Coinjock Little League at Coinjock. This was Wanchese's third victory against the Coinjock team. The score of last Saturday's game was 3-1.

Coinjock scored the first run in their part of the first inning. C. Griggs, on base on balls, was driven in on a double by Terry Hampton. George Daniels and David Daniels scored the first two runs for Wanchese in the top of the second inning. Both received bases on balls and scored when an error was made on a ball hit by Walter Baum. Their third run came in the fifth inning when Gary John received a base on balls and then scored on a double by Charlie Creef. This gave the final score of 3-1.

Gary John was starting pitcher for Wanchese. Pitching only 2/3 inning, he gave up 1 hit, walked one man, and struck out 2. He was then relieved by Curt Cudworth, who pitched the remaining 5-1/3 inning. He allowed 2 hits, gave up no walks and struck out 11 men.

One error was charged against the Wanchese boys.

Terry Hampton started on the mound for Coinjock and pitched five of the six innings. In that time, he allowed 2 hits, walked 5, and struck out 7. Saunders pitched the remaining inning, gave up no hits and struck out 2. Three errors were charged against Coinjock.

In addition to Creef's double, the only other Wanchese hit was a single by Wayne Ballance. Terry Hampton, in addition to his double had 1 single, and Clark Hampton had 1 single, to account for the Coinjock hitting.

This victory gave the Wanchese team a season's record of 11 wins and 7 losses. This was the first season that the community has had a summer-long baseball program for the boys, and Coach Ernest "Pigem" Walker said that he was very satisfied with the performances of his boys. He expressed his appreciation to the boys for their cooperation, and also to the Wanchese Ruritan Club and people of the community in their efforts toward backing the team.

Brides are fattened up for marriage in one section of Nigeria, the National Geographic Magazine says. Months before the wedding, the girl retires to a special room. Women of the family bring food and give her massages, first with palm oil, later with white clay. During this period she learns cookery and care of the home. By the time she "comes out," she is grotesquely fat from inactivity and gorging.

HIGH SCHOOL IN ENGELHARD HAS 58 TO ENROLL

Five Teachers Volunteer, and None Go to Swan Quarter on Opening Day

Engelhard's high school pupils didn't go to Swan Quarter on the bus Tuesday, contrary to the orders of the Hyde County Board of Education. They were met at the Engelhard school by five volunteer high school teachers, who set up classes and enrolled some 58 pupils for high school work.

Meanwhile the school opened at Swan Quarter with an enrollment of 78 in high school, which included pupils from the Fairfield area who formerly went to Engelhard, but whose parents didn't join the protest made against the consolidation order, which is being fought by patrons of the Engelhard school who are resident of the area. This court fight is on behalf of 54 students.

When school opened on Tuesday, more than 300 patrons of the school attended, it being the largest manifestation of patron interest shown in the history of the school.

The five high school teachers who appeared Tuesday morning to teach those pupils who declined to go to Swan Quarter are Paul T. Long, teacher of agriculture; Mrs. Grace Mann, Mrs. Alese Mann, Mrs. Sam Dudley and Mrs. Ruth Davis.

Although the partly empty buses rolled their way into Swan Quarter, and numerous pupils lost their opportunity for a 54-mile ride each day, there will be no change in bus schedules, according to Supt. Tommy Gaylord, who says the schedules have been fixed for the season by the County Board. On Monday of next week, at a special term of court to be held by Judge W. H. S. Burgwyn, the appeal on behalf of the 54 pupils who refuse to go to Swan Quarter will be heard. Citizens of the Engelhard community complain that it is a rank injustice and maladministration of responsibility on the part of the Hyde County Board of Education to attempt to abolish the high school at Engelhard.

Last year, Engelhard had the larger high school enrollment, which included pupils of the Fairfield area who now attend the
