HATTERAS BUS SUSPENDED SERVICE UNTIL APRIL 1

In response to numerous inquiries we have received, we offer the following information:

After nearly 20 years of constant, faithful service, the Hatteras bus line suspended service on October 1 and will not return on schedule until April 1, Stockton Midgett announced this week.

The building of a road to Hatteras has enabled just about everyone who travels to own an automobile, and travel being light in winter, operation of a bus is not profitable.

The bus has been leaving Hatteras each morning for Manteo, returning in the afternoon.

The Midgett Brothers, Harold, Anderson and Stockton have won high praise for the faithful and efficient manner in which the bus was operated and served the public through the many years when there were no roads, and despite weather.

But praise and appreciation is not all that is required to run a bus line.
