TYRRELL BOARD BUYS HOPKINS PLACE FOR A PUBLIC LIBRARY

Columbia—The Tyrrell County Commissioners in a special meeting Friday, voted to purchase the building and lot on Main Street, opposite the High School, known as the Ella Hopkins place, for a public library and other purposes the board may direct, for \$4,750., an amount less than the estimate for repairs and addition to the present library building. The unexpended amount appropriated for library repairs and moneys available from the ABC funds which had not been appropriated are to be used for this purchase.

The present library is a former county jail much too small and in bad repair and stands in an obscure position on the back of the County Court House property, with limited access. Complications as to its repair arose when the Town of Columbia—owners of the building—agreed to render a restricted deed to the present site to the county with the stipulation that it be used henceforth solely for library purposes.

On Aug. 3, 1942, Mildred A. McAfee became the first woman ever to be commissioned in the Navy.

TYRRELL LEGION POST INVITING CROWD SUNDAY

Norman Smith Post Has 30th Anniversary; Urges Other Posts to Visit

Commander J. W. Everett of Norman Smith Post, No. 182, American Legion in Columbia is issuing a general invitation to all legionnaires in Tyrrell and neighboring counties, to join with them Sunday, Aug. 31 at their legion beach and picnic grounds five miles north of Columbia. The occasion is the 30th anniversary of the post.

The schedule is a service by local ministers and church choirs 11:30 to 12:30 followed by a basket picnic lunch, and other activities. There will be swimming and water sports.

The Auxiliary president is Mrs. Mae Carawan, and this organization is aiding the celebration. All Legionnaires and wives are urged to come and bring a picnic lunch. Commander Everett says the post was organized 30 years ago by a Beaufort County Post, with charter members from Tyrrell and Washington Counties.

"Membership grew from the original 15 to over 100, during the ensuing years several worthwhile community projects were initiated and sponsored.

Some members moved away, a few passed on into the great beyond, however, the majority of the original members still live in this area and carry on. Then came World War II, sons and daughters picked up the old weapons of war and carried on, many returned; many did not, veterans that did return joined the Legion and put new life and vitality in the community. Henry Smith and wife donated a water front lot on Albemarle Sound, in memory of their son, a World War II casualty. The members with the aid of friends cleared the land and constructed buildings. Considerable improvements have been made since original construction.

"The legion beach as it is commonly known, is a place of recreation for young and old, it is used for family reunion, church picnics, civic gatherings, and general recreation area for the young people."
