Miss Patricia Anne Baum of Richmond, Va., and Lt. (jg) Edgar Glenn Bulluck, USN, were married in a candlelight ceremony at five o'clock Saturday afternoon, February 7, in Mount Olivet Methodist Church, Manteo.

The vows were spoken in a double ring ceremony in a setting of white snapdragons, fern, palms and cathedral candles to the Rev. A. C. Kennedy of Greensboro.

The bride, who was given in marriage by her father, wore a wedding gown of white brocade trimmed with seed pearls, made with scoop neckline, long sleeves and a full skirt ending in a chapel train. **CENTER "CHIT CHAT"
FROM MANNS HARBOR**

By **LEA PINNER**

They say "the best things in life are free," but Saturday night at the Recreation Center it cost just 10 cents for a full evening of fun and wholesome activity. I was amazed at the number of boys and girls signing in, numbering around 90, with a good number from Manteo and Stumpy Point.

It was truly a heart-warming affair to see the nice clean-cut faces of the youth and teenagers of this community glowing with happiness, flushed with the joy of good clean fun, good fellowship and sportsmanship. Of course there are some very good rules which are strictly enforced by the chaperones, who are members of the Woman's Club and parents of the children. Mrs. Pearl Daniels, Mrs. Donald Green and Miss Inez Gibbs were chaperones for the evening, others who dropped in for a few minutes and stayed were: Mr. and Mrs. Clyde Twiford, Jr., Mr. and Mrs. O. T. Gard; Mrs. Norman Craddock, Mr. and Mrs. Harry Mann, Mrs. Stanley Bratten, Mrs. Marvin Bratten, Donald Green; and several guests from Manteo. They were impressed with what the Center has to offer and think it not only wonderful for the kids, but great fun for the adults too. Believe me, an evening spent at the Center will be one to remember, for there's never a dull moment. By the way, all of the youth and teenagers are invited—and grown-ups too—come on out and help entertain the kids! They'll love you for it.

Saturday, February 14th, Mrs. Wallace Taylor will lead the fun, with a Valentine dance. Until then—This is "Our Center." We "make it spin." Just open the door and come in.

NORTH CAROLINA
MEANS BETTER LIVING

A new source of fuel and power for better living, as well as for industrial development in North Carolina, is found in the growth of natural gas service. Piedmont, North Carolina and Tidewater are companies that are already, or soon will be, serving most of the major communities in this State with natural gas, via pipe line from Texas.

Other evidence of the "better living" concept to be found in North Carolina is the enlightened approach to the "legal control" system for the sale of beer and ale that has already proven its merits in the best interests of temperance and moderation.

NATIONAL ELECTRICAL WEEK
Marking the 112th anniversary of Thomas Edison's birth.

How far that
little candlepower
throws its beams!

Thomas Edison's first successful electric globe of 1879 was low in candlepower by modern standards. But how far, how very far that little candlepower threw its beams! Out across the years ahead to light the way for a revolution in American life.

At first that revolution moved slowly. Even 30 years later, when verco was born, few homes had electric light. For power was a luxury... 10¢ per kilowatt hour, at a time when a skilled worker's hourly pay might be 25¢.

Then the revolution began to march... as power companies poured millions into more efficient equipment to bring the cost of power within the reach of all.

verco has literally gone around the world for capital. Investors in 49 states and 19 foreign countries have helped this independent Top-of-the-South utility to build the giant power stations and far-striding power lines to serve you.

That is why, today, verco can deliver a kilowatt hour to the average home at about one-fourth the 1909 cost in cash... about one twenty-fifth of the 1909 cost in human earnings. Low cost power to help you work better, farm better, LIVE BETTER—ELECTRICALLY!
