CABIN SWAMP HOME CLUB

COLUMBIA.—The Community meeting for Cabin Swamp Home Demonstration Club, for members and their families was held 7 p.m. Friday night at the Agriculture Building, with a dinner in emphasis.

Composed of chicken, ham, potato salad, candied yams, snap beans, collards, cornbread, rolls, cakes, pies, coffee and iced drinks, the meal was served to the 68 attending in buffet style. Presided over by Mrs. Terry Rhodes, H. H. Harris was called on to give the invocation.

Other guests welcomed were Mrs. C. M. Liverman and the Stanley Ainsley family, Mr. and Mrs. Dennis Reynolds, Mr. and Mrs. H. H. Harris, Mrs. J. E. Reynolds, Mrs. Ann E. Davenport, Mrs. Elsie Edwards and Murray L. Goodwin.

PANCAKE SUPPER YIELDS \$59.95 AT SWAN QUARTER

The pancake supper for the 4-H Development fund, held recently at Swan Quarter yielded \$59.95, according to Mrs. Susie M. Jarvis of Engelhard who gives a list of more than 25 persons and firms who contributed work or groceries for the occasion. This list included firms in Washington, Belhaven youth, and officials connected with the program. The list is longer than available space, and we take it the contributions were freely made and not in hope of reward or recognition through advertising. We hope the satisfaction of having aided a cause so worthy will be reward sufficient.

WITH THE SICK

CHAMBER (Continued from Page One)

of projects completed in the recent past, current projects, proposals and projected plans for the near and distant future:

Fishing certificates to sports fishermen, hospitalization plan for our members, backing U. S. 158 by-pass, worked out plan for garbage collection, working for a road from Virginia Beach, answer over 8000 inquiries a year and provide members with list—Lost Colony folders included with all material sent out, newspaper advertising, highway signs, several large roadside signs directing travel to Dare in construction, locating a number of new year around residents, motion pictures, supply literature to travel agencies, Chambers of Commerce, AAA Clubs, etc., both at the State Fair, representatives to travel shows—brochures, news letters, convention seeking, appropriated and raised some money for books in library—Kitty Hawk School, bridge over Oregon Inlet, development of new industry and commerce, convention hall, water supply, sewerage disposal and sanitation, zoning, police protection, development of harbors and channels, establishment of bureau of statistics, protection of fishing interest, establishment of picnic areas.

"The committees listed below are broken down into numerous other committees that work on projects of the type listed above: Finance, Ways and Means, Roads and Bridges, Advertising and Promotion, Industrial Business, Auditing, Insurance - Hospital - Water, Membership, Community Planning, Fire Protection and Health, Welcome, Erosion Control and Storm Rehabilitation, (New Statistical Bureau).

"It is impossible in this letter to cover the many things that are constantly brought to us for attention; however, we think it is easy to see we have an active Chamber of Commerce working for everyone."

DOCK (Continued from Page One)

college, and if they come out, they seldom dream of getting into a productive job and working their way up to success. First off, they want a Civil service job, they think first of security, retirement, hospitalization free, all for much work, and big pay.

And Mr. Editor, too many of those who can't get on the Government or State payroll, make a bee line to get on the county payroll, and are happy if they can get you

and me to support them. It's too bad that those who are elected to protect our interests, enjoy spending so much, that they try to see how many of their friends they can put into jobs, even creating jobs to take care of them, and paying them more than they could earn in private business.

But I say this is no time to increase expenses. We are up against it enough, with paying school bonds, and higher taxes. State and Federal. As I see it, our county is going to be in a tight spot pretty soon, for many people will not be able to pay their taxes. So many of them have lost their property in storms, while new building has dropped to a low because our high taxes and wasteful management has driven away people who used to invest their money with us.

Yours for a square deal for everyone,
UNCLE DUCK FROM DUCK

COURSES (Continued from Page One)

Dr. Flowers will speak at 4:30 and 7:30 p.m. in Edenton, both lectures to be given at the Edenton Restaurant. The lectures will be held at 4:30 and 8 p.m. in Kinston at the Kinston Country Club.

(TOO LATE TO CLASSIFY)

IN MEMORIAM

In memory of my dear sister, Grace G. Ward, who died February 6, 1959.

A precious one from us has gone. A voice we loved is still, A place is vacant in our hearts That never can be filled. Friends may think we soon forgot And our wounded hearts are healed But they little know the sorrow, That lies within our hearts concealed.

Never will we forget you, Never will your memory fade. Fondest hopes will always linger, Around your quiet and peaceful grave.

A sister,
MRS. DESMOND ROGERS
Manteo.

FERRY (Continued from Page One)

struct docking facilities at the end of Cedar Island. He recommended that the State purchase six small, surplus liberty ships to use as a breakwater and to form a harbor for the new permanent landing.

Some Dredging Will Be Needed
The commission will charge the same tolls for the boat as those charged by the Taylor brothers. This is \$6.75 for cars, including the driver, \$2.75 for each adult passenger and \$1.25 for each child under 12. Rates for cars with trailers start at \$10.75.

Babeock said moving the vessel to Cedar Island would allow it to make two trips a day and cut the travel time one-way from four hours to two and a half hours.

BIRTHS

Mr. and Mrs. Norman Ward of Manteo announce the birth of a son, weighing 7 pounds and 8 ounces, January 31, in the Albemarle Hospital, Elizabeth City. Mrs. Ward is the former Dottie Davis.

Everyone calls Long Distance these days

Don't you?

Long Distance calls to friends and family have become both a social and a business custom here in the United States.

Most families use long distance because it's so practical and economical. It allows them to conveniently and economically keep in touch with far away friends and family.

So next time you'd like to convey a message the fast and personal way, call long distance. Everyone else does!

This mother will tell you what's wrong. Her boy can't walk. He came into the world with a serious birth defect—crippled by one of the cruel tricks nature plays on the human body.

WHAT'S WRONG WITH THIS PICTURE?

Such defects are not rare. They happen in 1 out of every 16 births.

WHY? That's the challenging question being explored today through scientific research supported by the New March of Dimes. It's a question you help answer when you give to the fight against crippling diseases.

PLEASE SAY YES TO THE NEW BIRTH DEFECTS • ARTHRITIS • POLIO
