GREATEST VARIETY OF SPORT FISHING IN DARE WATERS

By AYCOCK BROWN MANTEO - There is no place along the Atlantic Coast which offers a bigger variety of game fishing during August than the waters of the Dare Coast-Outer Banks.

Catches are made from the fresh waters of the bays, sonund and lakes to the inlet and surf and offshore along the western edge of the Gulf Stream.

A current check reflects that in the bays and lakes where fresh water species are available large mouth bass catches, due to unusearly morning or during late afternoon around sunset.

Bluefish catches have been unusually good recently and throughout the 1961 summer season. Best catches have been made by anglers aboard charter boats operating in the Oregon and Hatteras Inlet areas. In addition to bluefish, Spanish mackerel have been taken almost daily at Hatteras Inlet which seems to be the northerly range of this species.

Anglers aboard boats operating from Manns Harbor, Stumpy Point Wanchese and the various fishing centers of the Outer Banks have experienced from good to excellent bottom catches for such fish as trout, flounder, croaker, sea mullet for and received the Life Scout and sand perch. Similiar catches Award at a recent Boy Scout Court have been taken daily from the ocean piers of Nags Head and Hatteras Island.

Most sensational catches, as al-

ways, have been made in offshore waters. During the past week catches have included, amberiack, blue marlin, dolphin. oceanic bonita, sailfish and white marlin and been plentiful off Hatteras and Oregon Inlets and excellent catches have been reported.

Giant Bluefish, plentiful a few tuna catches, except for blackfins and occasional bluefins or Allisons.

Throughout the summer, sportsfishing generally has been better than for similar periods in recent years. It all adds up to one fact that fishing for anglers is a good bet in this area today.

HYDE COUNTY WOMAN DIES AT AGE OF 80

Miss Melissa Carawan of Swan Quarter, age 80, died in the Pungo District hospital in Belhaven Saturday morning.

She was a member of the Primitive Baptist Church at Rose Bay. Survivors are two nephews and

four nieces.
