The student council was formed for the purpose of giving the student body, through their chosen representatives, a voice in school affairs. The privileges that go with this, they were told by the advisor, also carry the responsibility of maintaining high standards for the school and for themselves as individuals. Among the duties taken over so far by the council are operating the concession stand at recess, maintaining order in the halls during lunch period, keeping a bulletin board, and running a Lost and Found Department.

The president of each class automatically became a member.
