"The number of people who express such an interest is impossible to estimate, but they must be in the thousands," he said.

The young naturalist noted that a new nature trail is being opened behind Bodie Lighthouse in recognition of the growing interest in fowl at the park. Gilbert stated that the film viewed by Rotarians will be used to publicize the area and indicate the variety of wild birds found on our coast. The movie was produced for the Park Service by Bounce Anderson of Hatteras.

Before adjourning James Rea, president of the Manteo Rotary Club, expressed appreciation to the speaker, Gilbert, and Rundell for their "informative presentation" and recalled attention to the fact that
