POINT HARBOR RESTAURANT
In Currituck County's largest eating establishment will always be found a spirit of welcome. A spirit, too, of appreciation for the business which comes from thousands of visitors to our coastland; a spirit of thankfulness and affection to the many friends and relatives along the Outer Banks whose business and presence are valued throughout the entire year.

Mrs. Ruth Midgett Griggs, formerly of Buxton, Dare County, particularly welcomes all old friends from Mat-teras and Ocracoke Islands, to the home of good food, well-prepared: the top of the market in choice native seafood, western steaks, chicken and chops.
