Mrs. Robert Atkinson of Manteo and her sister, Miss Natalie Etheridge of Norfolk. Va., and Manteo have returned from a month's visit in Rio de Janeiro, with Captain and Mrs. Kcith M. Brown, who are in Brazil with the U.S. Naval

These North Carolina visitors report Brazil a delightful place to vacation - the people extremely friendly to visitors from North America, and a summer paradise in the middle of our cold, sub-freezing North Carolina weather. Swimming was in order, and the travelers brought back a healthy tan. Among other unexpected treats were watermelons, figs and other summer fruits which are in season now in South America. Rio de Janeiro abounds in good restaurants, according to Mrs. Atkinson.

It was pre-carnival time (some of the world's greatest carnival events) and among those in the area were well known international figures; many prominent in Brazilian society; the diplomatic corp;

and others in authority. Mrs. Atkinson and her sister visited the imperial palaces, Sugar Loaf moun-

tain, the statue of Christ on Corcovado, the botanical gardens, which they describe as "a tropical paradise", the Maracana stadium (the largest soccer stadium in the world), national parks, churches, yacht clubs, zoological gardens, flower stalls and other points of interest. They quoted the fact that Rio de Janeiro is said to have the most beautiful harbor in the world, and one which could harbor all the fleets in

Among places visited were Brezilia, the capital of Brazil and other cities. They also enjoyed sitting in on classes in Portugese, for teaching of the language to Embassy personnel.

A banquet Saturday night ir the Manteo High School honored local footba'l club for achievements during the 1957-68 school year. The Redskins won the East Tidewater Conference championship with a final record

Master of earmonies was Jack Fillett. Superintendent of schools Seth B. Henderson gave invocation followed by dinner served by students of Mrs. M. K Fearing, Jr.'s home economics

Rep. Archie Burrus welcomed those attending, recognizing the team for its record and adding his congratulations as did Ren. Bill Roberson who responded with brief remarks, Sen Ashley B. Futrell talked of his early days at Duke when he and Bil Murray, speaker for the evening, were both in attendance there.

Murray told of his accomplishments while a coach at Duke as well as assignments before going to the Blue Devil squad. He titled his program for the affair as "What it takes to be football player." He stated that while at Duke, youths came to him wanting to play. He would tell them what he expected; only one of ten would

A standing ovation was renlered Murray at the close of his talk. Murray, sought heavily as a speaker in the sports field came to Manteo at the request TO CONDUCT SERVICES, of Sen. Ashley B. Futrell.

Coach Bartow Houston presented members of the football eam with certificates stating they were champions during the past season. Houston also gave credit to some of those who aided him in many ways during the season. They included H. A. Creef, Jr., who assisted coaching the boys; George Pearce, assistant coach; Jeffrey Midgett and Lionel Shannon, coaches of the Jayvee squad, George Willoughby, who lined the field each game; Wesley Turnage and The Coastland Times, for reporting and publishing.

Following Houston's presenation of certificates, individual awards were given. The most outstanding offensive player ward was awarded to a pair of Redskins: St. Clair Tillett and Fimmie Daniels. Most outstandlefensive player trophy went to Jay Burrus. Robert Midgette received the most outstanding blocker award and Bobby Haywood was cited with the most improved player trophy. AMID FLOTSAM OF FABULOUS CARROLL A. DEERING

WHEELER BALLANCE of Hatteras was being photographed by William Ellis, a staff writer of National Geographic Magazine Tuesday when this picture was made by Dare County Tourist Bureau News Director Aycock Brown. The wreckage, a few timbers and a rusty capstan, is all that remains of the 5-masted schooner Carroll A. Deering which created such a mystery after she foundered on Outer Diamond Shoals off Cape Hatteras in the early 1920's that she became known as a "ghostship." There were no survivors, and efforts to learn what may have happened to the crew became an unsolved emystery. After being blown up by the Coast Guard to keep the vessel from becoming a menace to navigation, the bow section remained on Ocracoke Island beach for several years until it was washed off by a hurricane in the 1950s and fetched up in the surf on Hatteras Island where Ballance salvaged same and made a tourist attraction of the timbers and a capstan in front of his place of business.

EMERGENCY JUDGE FIRM IN DEALING OUT JUSTICE

There was a Superior Court STATE PRESIDENT WILL judge in Dare county last week. the likes of which are few. He was W. H. S. Burgwyn, an emergency judge who presided at a special criminal term designed to clear up a backlog. Judge Burgwyn appeared to

enjoy referring to himself as an "old man." Court associates placed his age at \$2. He said while sitting under the p'cture of Sir Walter Raleigh in the courtroom that he had "been a judge for 30-odd years, a solicitor for many years before being a judge, and a lawyer before that." Age was no handicap to

Judge Burgwyn's mental proesses. His verbal fencing from the bench was pithy and entertaining, his statements on a solid base more often than not. To some he appeared crusty, to all he was a stern disciplinarian and an impartial dispenser of iustice.

Burgwyn had firm convictions. He didn't seem to care for the makeup of the Supreme Court of the United States. He was against teen-agers marrying. He was against youngster: in college driving automobiles. He reminded defendants often of the slogan, "if you drink, don't drive; if you drive, don't drink." Occasionally he was somewhat more direct. He would say: "if you get drunk, don't drive; if you drive, don't get drunk."

A witness described a magnum of champagne, "I'm an eld man," he said. "I never drank champagne but once in my

FORMER COAST GUARD STATION BEING ACQUIRED FOR MUSEUM

Efforts of the Redanthe-Waves-Salvo Civic Association to acquire the former Coast Guard station in the northermost Hatterns Island villige reality. The organization has received tentative approval, as to purchase arrangements through General Services Administration, which agency is vested with responsibility of

disposal. Woodrow Edwards of Waves appealed to Congressmen Walter B. Jones several weeks ago, and with the help of Jones, Sens. Ervin, Jordan and others, the G.S.A. agreed to release the buildings to the association provided its goal of establi hing a museum was successful,

with a minimal bid price. Edwards indicated that the club eventually planned to arrange through appropriate state or federal agency, a plan whereby a museum would be preserved for posterity. He indicated that the club was seeking contributions to that end,

Edwards stated that acquisition of the building is just one phase of the club's objective. The question of the preperty have moved one step closer to which was deeded for use by the Lifesaving Service, forerunner of the modern-day Coast Guard, has arisen.
