A \$122,400 federal loan has been approved "subject to the availability of funds" for the construction of a \$306,000 water distribution system for the Engelhard area. The Economic Development Administration had previously

okayed a \$183,600 grant for this purpose. For the past two years, a steering committee of five Engelhard citizens has been work-

ing sporadically toward its goal of establishing a water system for this area. The chairman of this com-
