PON'T FORGET TO MAIL PACKAGES BEFORE DEC. 1

There are now less than two. weeks left to meet the December 1 deadline set by the government for sending all Christmas holiday gift

That reminder came yesterday from Harvey R. Roseman, district manager of the Raleigh District, Office of Defense Transportation. Co-operation of the public in meeting the December 1 deadline is, absolutely essential dened transportation facilities are to be able to handle the tremendous volume of 1944 gift sending, the

ODT official declared. And, the ODT district manager reminded, you get better selection and better service at local stores when you shop early.

UNSAFE TO HANDLE RABBITS IF INFECTED

RALEIGH - Dr. Carl V. Reynolds, State Health Officer, has issued a warning to hunters against tularemia, or "rabbit fever," of which in excess of thirty cases a year are diagnosed positively at the State Laboratory of Hygiene. Don't be foolish, but do be careful," is Dr. Reynolds' advice, not only to huntera, but also to those preparing rabbit meat for the table

Explaining how to be careful, he be prepared without the use of rubber gloves, or some other adequate protection against contact and possible infection. He also advised against eating rabbit meat that has not been thoroughly cocked. as thorough cooking insures steriliza-

"Hunters." the health officer said. "should shoot only at running rabbits, as those that move slowly or not at all are more likely to be infected with tularemia. An indication of the presence of the disease in rabbits," he added, "is whitish spots on the internal organs. Such meat should be destroyed and no attempt made to eat it.'

Tularemia, he further pointed out, is characterized in humans by an initial sore, a pustule, or ulcer. at the site of infection, followed rapidly by inflamatory swelling of

the regional lymph glands. When the patient recovers, it is a slow process, extending over a period of months.

About 500 thousand tons of fertilizer should be moved to North Car line forms Infore January 1 to prevent trouble next spring.
