SALE OF VALUABLE WATER POWER.

Under a deed of trust from W. V. Clifton and wife to me, registered in Register's office of Wake county, Book 158, page 52, at the request of all parties interested, I will on Monday, October 14th, 1901, at noon, at the Court House Door in Raleigh expose to public sale for cash, a one-half interest in the Rogers' Mill site, including good stone dam and excellent water power. The land is described as follows: One half interest of W. V. Clifton in Rogers' Mill site on Crabtree Creek, beginning at a cedar on east side Crabtree; thence N. 47 1/2 degrees W. 6.20 chains to a stake in Coawin Branch, thence down Branch 3.59 chains to Crabtree; thence S. 55 degrees W. 5 chains, crossing Creek to a stake, thence S. 61 1/4 degrees E. 7.80 chains to an elm, thence N. 59 1/2 degrees E. 1 chain to beech on west side of creek at the ford, thence crossing with ford to small birch at east entrance of ford, thence N. 41 degrees E. 2.5 chains to beginning.

Terms, Cash. The other half interest will be sold with the above, giving a clear and undisputed title to the whole. In witness whereof, I have hereunto set my hand and seal this 14th day of August, 1901.

W. T. SMITH, Trustee.

SALE OF ROGERS' MILL SITE.

In connection with the above I will sell at auction the other half interest in the Rogers' Mill site, on Monday, October 14th, 1901, at the Court House door in Raleigh. This mill site and dam, four acres, will be sold as a whole. Terms, one-half cash, balance in twelve months, with interest. Title perfect. This is a valuable water power. The engineer's estimate gives 75 horse power available during every working day of ten hours, except in prolonged drought.
