**RALEIGH TOBACCO MARKET.**

The local tobacco market opens its current season next Friday.

This market as it now is, dates its existence, practically from last season; prior to that time it was hardly considered as a reality, since there was a lapse of many years. But it is a reality now and last year proved that there was a possibility for such at this point. While it may not equal some others of longer standing, yet it is reasonable to conclude that it will, during the current season, be established more solidly in the tobacco world.

Mr. R. L. Williamson, a well-known tobacco man, will be in direct management of the affairs of the market at the old Love warehouse, corner of Broadworth and Dixie streets, while Mr. R. F. Knott will promote the interest of the old Stronach warehouse, now the Capital warehouse.

These gentlemen are well known throughout the tobacco section, and their popularity among the planters and the knowledge of the business, insures the conclusion that the market will prove more popular than last season. The planters of this county will find it to their advantage and profit to patronize the Raleigh market.

The outlook seems to be bright for a good season's business.

**APPOINTMENT NOTICE.**

To all Ticket Agents, Passenger Representatives and Connecting Lines: Account of Mr. Z. P. Smith, traveling passenger agent at Raleigh, N. C., having resigned to accept service elsewhere, the following changes will be made effective August 1, 1904:

Mr. C. H. Gattis, traveling passenger agent, Raleigh, N. C.

Mr. H. A. Morson, city passenger and ticket agent, Raleigh, N. C., reporting to the traveling passenger agent.

Mr. J. C. Horton, eastern passenger agent, 1193 Broadway, New York City, having resigned to become general passenger agent of the O. & S. Co., effective August 1, 1904, Mr. W. E. Conklyn, in addition to his present duties will assume charge of the New York office temporarily. All communications formerly addressed to Mr. Horton should be addressed to Mr. W. E. Conklyn.

CHARLES B. RYAN,  
General Passenger Agent,  
EDWARD F. COST,  
Second Vice-President.

**WAKE BOARD OF ELECTIONS.**

The State board of elections met here last evening and performed the work outlined in yesterday's Evening Times.

The following were appointed to compose the Wake county board of elections:

B. M. Gatling, W. C. Brewer and John Nichols.

The board prescribed that the tickets used in the election next November shall be on white paper and without device. The congressional ticket shall be 2 by 4 inches; the State and judicial ticket 4 by 10 inches, and the electoral ticket 4 by 8 inches.

**TOPS GOOD, SAYS MR. ATWATER.**

Hon. John W. Atwater, of Chatham, ex-Congressman from this district, is in the city attending the farmers' convention.

Mr. Atwater is still claiming to be an independent, but he says that he will support Roosevelt because he does not know anything about Parker and he will not vote for Captain Glenn because, so he says, the Confederate soldiers have been given the "cold shoulder."

About the crops he spoke with enthusiasm and said he never saw finer prospects than in Chatham this year.

**WEST RALEIGH CARS.**

Coming into the city from West Raleigh the first trip of the electric cars has been moved up a peg. Hereafter a car will leave at 6:30 and another at 7:15 from the A. and M. College to the foot of Fayetteville street.

**PRIMARY AND PREPARATORY DEPARTMENT AT PEACE INSTITUTE.**

The preparatory department will be a special feature at Peace Institute the coming session. Work is offered in all preparatory grades; special attention will be given primary pupils.

The course of study includes reading, arithmetic, geography, history, English, elementary French, German and Latin. These will be given careful and proper attention, and efforts will be made to create literary spirit and an appreciation of those things which make for culture.

In addition to thorough instruction in the regular school work, paper cutting, basketry, drawing, water color, singing and physical culture will be taught, each under direction of a specialist. Much attention will be paid to nature study. The children trained in this department will be well prepared for science in the college course.

The school-room is to be made as beautiful as possible with freshly tinted walls, pictures, statuary, book-cases, flowering plants and palms. There will be a working library for the use of pupils during school hours, selected especially to aid in supervised study.

Each child will receive individual attention, with purpose to strengthen the weaknesses, and to cultivate interest and appreciation where there is talent.

Neither expense nor personal effort will be spared to make this department an ideal school home for young children.

The session will open September 15, 1904, closing May 24, 1905. Prompt enrollment and regular attendance are important factors in the success of all school work.

Terms of tuition are moderate, and vary according to the grade of the pupil.

Appointments for consultation and information may be made with Miss Edith Royster, Principal of the department, or with the President.

JAS. DINWIDDIE, M. A., President.

**BECOMING A MOTHER**

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

**MOTHER'S FRIEND**

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

**Ice Cold Lemonade**

made from nice sound, thin-skin lemons and pure granulated sugar, is the one summer drink that cannot be improved on. It is healthful, invigorating and very economical. (Good lemonade can be made for less than 2c. per glass.) Lemons are good as a medicine, to say nothing of their importance in the kitchen. As in everything else, we believe the best is the cheapest. The finest we have had this season are now in store, and the price is only 20c. PER DOZEN.
