

LANDED IN JAIL

The Samuel H. Hines, a white man in St. Mary's township, was brought this morning on the charge of carrying concealed weapons and making threats against some of his neighbors. He was given a hearing before Squire Hines, of that community, and sent to jail in default of bond of one hundred dollars, on the peace warrant, and a hundred dollar bond for carrying concealed weapons. He is really a respectable-looking citizen.

A PITIFUL CASE.

A negro man, Gus Womack, of Swift Creek township, who was brought to jail Saturday, desperately insane, is lying in jail. Application for his admission to the insane asylum at Greensboro was made Saturday, but as no place has been found for him at that institution. This is a pitiful case. Gus Womack is a well-known and respected negro, of this community and it is to be hoped that provision will be made for him at the asylum.

SCROFULA

Swollen glands, tumors, white swelling, sores, pustular or scaly skin eruptions, flabby muscles, brittle bones, weak digestion, emaciated, illy-nourished bodies, are some of the well-known earmarks of Scrofula. Scrofula is inherited. Parents too closely related by the ties of blood, or tainted with consumption or blood poison, may look for signs of Scrofula in their children. The middle-aged often have it, but children are the chief sufferers. Scrofula breaks down the vital forces, and the blood becomes so weak and poor that it does not nourish the body. The remedy in all scrofulous affections must be one that purifies the diseased blood, builds up the weak digestion, increases the appetite and gives new energy and strength to all life forces. No medicine has won so much fame as a blood purifier as S. S. S., and its tonic effects upon the system are not equalled by any other remedy. It makes the weak, tainted blood rich and strong, and drives out of the circulation all tubercular deposits and morbid matter that cause the glandular swelling, sores, abscesses, tumors and other horrible symptoms that make Scrofula so dreaded and dangerous.

Write us fully about your case. Medical advice will cost you nothing.
