TIMELY TOWN TOPICS

Embracing Some of the Minor In-
cidents of the Day.

Prayer meeting with services at the residence of Mr. G. A. Oldham, W. Lane street, to-night, at 8 o'clock.

An excursion from Windsor and Lewiston arrived in the city to-day. There was a good crowd on board and they all seemed to enjoy themselves. Most of the crowd spent the day at the park.

Prof. D. H. Hill, vice president of the A. and M. College, and his brother, Dr. R. W. Hill, of California, have gone on a business trip to Boston. Dr. Hill, who has been here for some days with his brother, is soon to go to Europe.

Another transfer mail clerk is to be put on at the Union Depot. This will be a great relief to Mr. R. L. Lumsden who has been meeting both the day and night trains. Major R. L. Leinster, of the staff of Brigadier General Armfield, of the North Carolina National Guard, will be transferred here from the Norfolk and Hamlet railway postoffice. He will come here about August 6th.

Take Hollister's Rocky Mountain Tea. See it exterminate the poison, feel it revitalize the blood and bring back that happy jocular feeling of by-gone days. 35 cents, Tea or Tablets. Henry T. Hicks Drug Co.

WILL MEET AT EIGHT O'CLOCK TONIGHT.

A meeting of the Womble Hook and Ladder Company has been called for 8 o'clock to-night by Foreman Ed. Parrish. Business of importance will be transacted and every member is requested to be present.

TONIGHT AT THE ACADEMY OF MUSIC.

From the rise of the curtain to-night at Raleigh's handsome playhouse, until its final drop, merriment and mirth will reign supreme.

Manager Hayes has prepared several little surprises to take place during the rendering of the elaborate program and the audience will be kept on the qui vive during the entire performance.

Messrs. Hughes, Hardy, Brockwell and Hayes are the premier end men of the first part which is a sufficient guarantee that the fun will wax fast and furious. Few traveling organizations boast of a better olio than the one to be presented to-night, and which will be composed of the following acts:

Juggling by Hayes; "Short Sayings," by Ben Hardy; "The Laughing Dutchman," presented by the Dowell Bros.; "In a Minute; or Quicker," as spoken by Bo. Hayes; "Why Adam Committed Suicide," explained by Messrs. Lumsden and Wilson; Fred Hiltner in buck and wing dancing; and an athletic exhibition of skill and daring on the horizontal bars by Messrs. Jones, Hardy and Lumsden.

RALEIGH ICE COMPANY NOT IN A TRUST.

The Raleigh Ice Company is not in a trust. Mr. Chas. E. Johnson, president of the company, was seen this afternoon by a Times reporter and was asked if the Raleigh Ice Company had refused to ship ice to Chapel Hill. He was reported in the morning's paper. Mr. Johnson said: "There is absolutely no truth in the sensational story that the Raleigh Ice Company refused to furnish the Chapel Hill dealers with ice because it was in the territory of the Durham factory. We have furnished many towns of the State with ice during the ice famine, while we are supposed only to furnish Raleigh. This famine was caused because of the difficulty in making ice in very warm weather and because the consumption is so much greater, and it has affected many towns where the factories have a limited capacity. We are not in a trust. We are not the kind of people that would keep the sick from getting ice if we can furnish them."

PRECAUTIONS BEING TAKEN IN NEW ORLEANS.

New Orleans July 27.—The official report of the Board of Health, issued every twenty-four hours, shows 12 new cases of yellow fever and three suspicious cases up to 6 o'clock last night. New cases have

been officially reported to-day, but so far no deaths. The official statement of the total number of deaths and cases is 165 cases and 42 deaths. Every ward of the city is organized into a mosquito campaign and oil is being put on the tops of all cisterns and on the water in all gutters and puddles.

The necessary papers were not signed because of the fact that there are certain minor alterations that are yet to be made. As soon as the desired changes have been made the contract will be drawn and signed and the work be begun in earnest. A delay of but a very few days is anticipated.

The contract price for the building proper calls for something like \$200,000. This does not include the heating plant and the plumbing work, which will require the expenditure of several additional thousands of dollars. The hotel, when complete, will represent an investment of more than a quarter of a million dollars.

ENCED.

Valdosta, Ga., July 27.—The jury in the case against Jesse and Leonard Rawlings, charged with the murder of the Carter children, returned the following verdict late yesterday: "We the jury, find the defendants, Jesse Rawlings and Leonard Rawlings, guilty and recommend that Leonard Rawlings be sentenced to the penitentiary for life."

The jury had been out nearly four hours. The court was crowded when the verdict was read, the mother and two sisters of the young men being by their side. Jesse Rawlings is said to be 17 years old and Leonard 18, though both look older. This makes three convictions for this crime. The father of the young men will likely be tried to-day.

TOTAL DEATH LIST NOW 62.
San Diego, Cal., July 27.—Stacate, the Japanese mess attendant, and Haimicus, clerk on the Bennington, have died, bringing the total of dead to sixty-two.

GERMAN RULER WILL VISIT DENMARK.

Copenhagen, Denmark, July 27.—Kaiser William is expected to arrive here on Monday for his visit with King Christian. Former Empress Eugenie arrived here unexpectedly to-day.

INTERESTING REVIVAL.

Rev. R. S. Stephenson is conducting an interesting meeting at Mount Zion Baptist church, in the northern part of the county. Since the beginning of the meetings fifteen have professed their faith in Christ. The revival will continue during the week.

The UNIVERSITY FOR WOMEN
WILL OPEN ITS FALL TERM SEPTEMBER 5TH.

Most of the heads of the departments will return. Miss Blair, M. A., of Columbia, will hold the chair of History; Miss Phelps, M. A., of Adrian College, and M. O., of Emerson, will conduct the departments of Expression and Physical Culture. Mrs. Appy, well known for her splendid work here six years ago, will have the Voice Department, assisted by Raleigh's favorite singer, Mr. A. C. Jackson. With two exceptions, all college teachers confine themselves to one subject. Attention is directed to the Primary Department, under the popular Miss Jessie Davis, and to the splendid work in Kindergarten Music by Miss Sams. While the grade of general work done here is two years above that of the average woman's college in the South, our fees are actually lower than those of many of these colleges, being fixed at cost.
